LING 418: Language Patterns: Types and Universals	course change application

3. Proposals - approved

ENGL 475: The Politics of Ugly Feeling	COLL 400 / new course proposal

4. COLL 350 elaboration and curriculog form

The COLL 350 subcommittee has begun revisions to its elaboration of COLL 350 and the curriculog form based on EPC feedback. These will continue next week. EPC should expect another draft in two weeks.

EPC discussed whether the covid-19 quarantine will force a delay in implementing the COLL 350 requirement, currently scheduled to come on board with the social class entering in Fall 2021, and what procedures would be invoked to extend the implementation of the requirement.

EPC considered delaying the introduction of the first pilot COLL 350 courses until Spring 2021, pending confirmation from the CLA that faculty training cannot resume until we return to campus. Changes to the first social class bound by COLL 350 would only be considered once the university converted the fall semester to distance learning.

5. meeting adjourned at 1:05
