Dear Student:

On behalf of your new peers in the five graduate schools at the College of William & Mary, we would like to extend a hearty welcome to you. In order to assist you in making your transition a comfortable one, we offer our annual publication, *A Guide to Graduate Living*. Recently revised and updated by the William & Mary Graduate Council and Office of Student Affairs, this booklet aims to provide graduate students with a useful introduction to the services and resources available in and around the William & Mary community. Our goal is to help you become more familiar with what Williamsburg and the surrounding area has to offer.

Because this guide is designed to serve graduate students campus wide, your thoughts on its contents are of interest to us and we welcome your suggestions for next year’s publication. Feel free to contact us via email at any time.

And again, welcome!

Sincerely,

*The Graduate Council, College of William & Mary*

LOCAL INFORMATION

Motor Vehicles: Out-of-state students must display Virginia license plates if they live off-campus or work part-time or full-time off campus. Out-of-state students living and working on campus do not have to register their cars in Virginia. An out-of-state student not employed in Virginia may drive with a home state’s license for a period of six months; if a full-time job is held, an out-of-state license will be valid for a period of only 30 days. Virginia license plates and a Virginia Driver’s License may be obtained at the Division of Motor Vehicles, 952 Capitol Landing Road. For more information call 253-4811. City regulations apply to all automobiles parked on Jamestown or Richmond Roads.

Insurance: Students are strongly urged to carry insurance on their personal belongings since the College does not insure personal property. Students may obtain a special policy for individuals living in residence halls or renting apartments.

Off-Campus Living: Students who live off-campus may contact the Off-Campus Housing Network at 221-3302, or at http://www.sin.wm.edu. Williamsburg city ordinance places limits on the number of unrelated individuals who can live together in one dwelling unit. In general, the ordinance specifies that no more than three unrelated persons may live together in a single dwelling unit. For more information about this local ordinance, call 220-6130.

WILLIAMSBURG AT A GLANCE

Williamsburg, Jamestown and Yorktown form what is known as the Historic Triangle. In 1607, the first permanent English settlement in North America was founded at Jamestown when Captain John Smith and a band of pioneer settlers established a beachhead colony. Facing unanticipated hardships and challenges, the settlers were not quickly accepted by the Powhatan Indians, who were curious about their new neighbors’ intentions. For the next ninety years, Jamestown served as the seat of government for the English colonies as they steadily grew in population. In 1693, King William III and Queen Mary II granted a charter to establish a college in the Virginia colony at a new location known locally as Middle Plantation. Although the new college (appropriately named the College of William & Mary) was established as the second educational institution in the new colonies, William & Mary’s antecedents actually predate those of Harvard. A 330-acre tract of land was purchased for 170 pounds, and the College of Arms in London granted the College of William & Mary a coat of arms in 1694.

In 1698, the statehouse in Jamestown burned for the fourth time, and many Virginians decided to use the opportunity to move the capital to Middle Plantation, including several leading politicians who lived in Middle Plantation. As a rapidly growing city filled with successful tobacco planters and merchants, Middle Plantation possessed many attractive characteristics from its healthier location on high ground between two major waterways to its safety from naval cannon fire. In 1699, the city was given an entirely new layout fitting of a capital, and renamed Williamsburg in honor of King William III. The Wren Building became the temporary meeting place for the General Assembly until 1704, when the Capitol Building was sufficiently constructed.

Information about local businesses and services changes quickly. E-mail studentaffairs@wm.edu to report inaccuracies or to make other comments/suggestions.
During this time, William & Mary was expanded from its original grammar and Indian schools to include additional buildings and a larger curriculum. By 1729, a president and six full partners were in full use. In 1749, a young George Washington received a commission as surveyor from the College, and in 1756 the first known degree, as well as honorary degree of Master of Arts, was conferred upon Benjamin Franklin. In the colonies, William & Mary was well known for its prestige, and many aristocrats found the bustling town of Williamsburg to be the perfect place to send their children for an education. From 1760 through 1762, Thomas Jefferson attended the College, and after graduation remained in Williamsburg to study law. James Monroe attended the College from 1774 through 1776, during a time when many students formed a College militia company to fight in the Revolution. During the Revolutionary War, the capital of Virginia was moved to Richmond for the same reasons as it had been moved before. Richmond offered a more central location, a healthier climate, and a more defendable position. However, the Williamsburg area remained a significant location for trade and commerce, making it an appealing military target. In 1781, the American and French defeated General Cornwallis and his British troops at neighboring Yorktown in the last major battle of the Revolutionary War.

Although the capital moved to Richmond, Williamsburg did not die. Because of William & Mary and the public hospital, Williamsburg continued to survive through renovations and a strong local farming market. Both continued to make their mark on history in various ways. In 1776, Phi Beta Kappa was founded at the College. While Governor of Virginia, Jefferson helped convert William & Mary to a university, where an elective system of studies was introduced. This marked the first such program of studies in the United States, including the first law school. In 1788, George Washington became the first chancellor of William & Mary, serving for eleven years until his death. Because of this, it is interesting to note that Washington’s first and last offices were affiliated with William & Mary. Following in his footsteps to hold the esteemed position of chancellor were fourth President of the United States John Tyler, and Chief Justice of the Supreme Court Warren Burger. Margaret, The Lady Thatcher, former Prime Minister of Great Britain, served as Chancellor of the College from 1993-2000. Former U.S. Secretary of State Henry Kissinger is currently serving as Chancellor of the College.

In 1926, John D. Rockefeller Jr. listened to the vision of a local clergyman, the Reverend W. A. R. Goodwin, who was inspired by both the role Williamsburg played in our nation’s birth and by the large number of 18th century buildings that had survived the test of time. Rockefeller gave the vision his support, and the reconstruction of Williamsburg was underway. When visitors walk through the streets of Colonial Williamsburg, they retrace the steps of George Washington, Benjamin Franklin, Patrick Henry, and Thomas Jefferson as they ran the colonies and formed a new nation. Today, Williamsburg boasts a wide variety of attractions and stores that range from modern day to old-world charm. Tourists flock from all parts of the globe to explore and relive what was once a fledgling nation’s seat of government. Williamsburg is located mid-way between Richmond and Norfolk, Virginia along the I-64 corridor. The city of Williamsburg encompasses 9.2 square miles and has a population of 11,400. The climate of Williamsburg is moderate, with an average temperature of 61.3 degrees and an average annual rainfall of 48.07 inches.
The collective term for the part of Virginia bordering the Chesapeake Bay and its many tributaries is simply “Tidewater Virginia.” On the western shore of the Bay, Virginia is divided into three large peninsulas by four main rivers: the Potomac, the Rappahannock, the York, and the James. Locally, the area from the city of Williamsburg southward through Hampton and Newport News is called "the Peninsula," although the rest of Virginia refers to it as the “Lower Peninsula,” with Gloucester County being on the “Middle Peninsula.” Newport News and Hampton are also part of the Hampton Roads metropolis, which also includes Norfolk, Portsmouth, and Virginia Beach, across the James River. "Hampton Roads" comes from the name for the mouth of the James River, and this area is nationally known as an important naval and commercial port area. While none of the five cities around Hampton Roads dominate in size, Norfolk is generally considered the economic and cultural hub. Military and military-related industries dominate the economy of the region. Washington, D.C., is only three hours away and thus within a half-day's drive. There are plenty of historical, cultural, and natural sites in to occupy you if you have the spare time to enjoy them.

Gloucester County, established in 1651, is one of the oldest in Virginia. The county government seat is situated approximately 12 miles north of “the Point” in the town of Gloucester Courthouse. The Gloucester Chamber of Commerce is quite helpful in providing general information about the county, which is almost as rich in history as the better-known Yorktown and Williamsburg. The Virginia Institute of Marine Science (VIMS) is located in Gloucester Point, a small, unincorporated town located at the southern end of Gloucester County. Established in 1946 as the Virginia Fisheries Laboratory, VIMS eventually merged many of its functions with the College of William and Mary. All students at VIMS are technically part of the College’s graduate School of Marine Science (SMS).

Spring and autumn are pleasant and fairly predictable. By early April, the dogwoods, redbuds, and azaleas are in full bloom, and there is an annual Daffodil Festival in Gloucester Courthouse. Fall colors generally are at their peak in early October, making a drive along the U.S. Park Service’s Colonial Parkway a breathtaking experience. Gloucester summers are typically hot and humid, and afternoon thunderstorms are fairly common. Winters are generally mild and snowfall rarely accumulates.

You may have also discovered by now that Gloucester is pronounced "GLAW-ster." It is acceptable to pronounce Yorktown as it is spelled, but many of the locals say "YAWK-town." Norfolk is "NAW-fik" or "NAW-fuk" and Portsmouth is "PORTS-muth" or "PAWT-smith." There are also a number of local geographic names derived from Native American names. Rappahanock is pronounced like it looks, with the accent on the third syllable. Poquoson is pronounced "Po-KO-sun." The two rivers that join to form the York River are the Pamunky ("Pa-MUN-key") and the Mattaponi ("Matta-pun-EYE"). Another common place name in Virginia and Maryland is the Wicomico, pronounced "Wy-KO-miko."

Finally, "watermen," never "fishermen," is the correct collective term for people who harvest fish, crabs, and shellfish from the Chesapeake Bay. Oysters are available from September through April, and seafood of all sorts is a Tidewater Virginia tradition. Virginia, like Pennsylvania and Massachusetts, is technically not a "state" but a "Commonwealth." Don't worry though – you'll catch on to the local style of speaking surprisingly quickly.

    Hours: Monday-Saturday 10 a.m.-9 p.m., Sunday 10 a.m.-8 p.m.

Complete spectrum of computer software, school supplies, and William & Mary clothing/ paraphernalia can be found here. Most prices seem elevated, although educational discounts on software make it the best deal around. All required college texts are placed on order here, and it will require some serious dollars to purchase your program textbooks. The good news is that you may be able to rent or buy books second hand from other students in your program. Another alternative is to seek out required reading lists for your classes and to purchase them from textbook outlets or other university bookstores. For internet users, some students claimed to have found their textbooks for sale at discounted rates through amazon.com. If, by some chance you find some leisure time and are in search of some non-academic reading material, the following are student-recommended bookstores:

CLOTHING

MERCHANTS SQUARE
Worth a visit, and located directly across from the William & Mary campus. Several different men and women’s specialty shops mixed with traditional stores selling Americana odds and ends. Take the time to wander through Merchants Square (between Prince George and Francis Streets) to see for yourself.

**Computer Stores**

Like other medium sized towns, Williamsburg has its share of computer stores. Major computer stores are located in Richmond and Newport News, but you may want to check into national stores that offer three to four year extended warranty programs. Most major computer brands do maintain a 1800 service number that you can call 24 hours a day, but on occasion they will tell you to contact your vendor. Murphy’s Law dictates that this will happen at midnight the day before a major paper is due, so working through a store that offers 24 hour service is preferable. Your graduate program may send you a list of minimum requirements. For example, the MBA program requires laptops. It is a good idea to carefully research computer prices with sufficient time to make an educated purchase in order to select the system that you find best meets your needs.

THINGS TO DO IN WILLIAMSBURG

Colonial Williamsburg/Historic Triangle – The main attraction in Williamsburg is Colonial
Williamsburg. Colonial Williamsburg offers a wide variety of tourist attractions including
exhibition buildings, lectures, concerts and slide shows. Students with current ID cards are
admitted at no cost to the exhibition buildings, craft shops, evening lectures and films at the
Information Center, and may use the bus system free of charge. The taverns in Colonial
Williamsburg feature meals in Colonial Virginia style and are within walking distance of the
College. Call the Colonial Williamsburg Visitor Information Center at 220-7659 for additional
information. Connected by the Colonial Parkway, both Jamestown and Yorktown national parks
are close by and, with Colonial Williamsburg, form the Historic Triangle. Additionally,
Berkeley Plantation, home of the first Thanksgiving celebration, the Shirley Plantation, and
Sherwood Forest (owned by two U.S. presidents) are all within one-half hour of town via Route
5. Check individual with individual plantations for schedules.

Busch Gardens/Water Country USA – Williamsburg is also home to Busch Gardens and Water
Country USA. Both offer season passes to those interested. Busch Gardens Williamsburg is
perennially awarded the title “Most Beautiful Amusement Park in America.” The park presents
a panoramic view of England, France, Germany, Italy, and Ireland through seven authentic
European-style hamlets, each with exotic foods, imported wares, and entertainment, including
the world’s tallest roller coaster, “Alpengeist.” Busch Gardens Williamsburg is located on Route
60 East, adjacent to the Anheuser-Busch Brewery, five miles east of Williamsburg. Call 253-
3350 for information regarding hours of operation and special events.

Information about local businesses and services changes quickly. E-mail studentaffairs@wm.edu to report
inaccuracies or to make other comments/suggestions.
**Sports** – AAA level baseball is within an hour either east or west. The Richmond Braves are the AAA affiliate for the Atlanta Braves and the Tidewater Tides are the farm team for the New York Mets. If hockey is your sport, you can catch the Hampton Admirals at the Scope or the Richmond Renegades at the Richmond Coliseum. Finally, Williamsburg is the home of several renowned golf courses. Located in the historic district of Williamsburg, The Golden Horseshoe is ranked by Golf Digest as one of the top 15 public golf courses in the world. Kingsmill Golf Course boasts 54 holes of golf and a LPGA tour event. Deer Run Golf Course, an excellent inexpensive public facility is also popular with students and is a short drive down I-64 in Newport News.

**Charter Day** – Each February, Charter Day commemorates the granting of the Royal Charter to the College in 1693. This convocation features an address by an individual with a significant relationship to the College and the awarding of several honorary degrees and the prestigious Jefferson Awards.

**Green and Gold Christmas** – Green and Gold Christmas, a Christmas party for the underprivileged children of the Williamsburg, York County, and James City County area, features arts and crafts, games, music, skits, refreshments, and a special visit from Santa Claus. Students who wish to be involved may serve on committees to plan the event or take part in the activities as a sponsor of a child. Call the Office of Student Volunteer Services at 221-3263 for more information.

**Yule Log Ceremony** – The annual Yule Log Ceremony, sponsored by Omicron Delta Kappa and Mortar Board, is held at the Wren Building just prior to the beginning of the winter break. The ceremony includes holiday readings from different faith traditions, a brief history of the Yule Log Ceremony, and tossing sprigs of holly on the burning Yule Log to send off the cares of the past year and bring in luck for the new. The ceremony concludes with hot cider and cookies.

**Films** – The University Center Activities Board (UCAB) presents a film of interest each week during the academic year. Tickets may be purchased at the Sadler Center for a nominal fee. All William & Mary students, staff, and faculty members with a current ID may purchase tickets. Call 221-2132 for more information. The Kimball Theatre (229-1475), located on Duke of Gloucester Street, shows foreign, independent, and popular films, and also hosts live performances and special events for Colonial Williamsburg and the College. New Town Cinemas, just a couple of miles from campus, shows first-run movies on 12 screens. In addition to local theaters, there are many others in Newport News, Hampton, Richmond, Norfolk, and surrounding areas. One that many students drive to is the Hampton AMC 24 located just off I-64 in Hampton. Several campus organizations and departments also sponsor films on a regular basis for the College community.

**Concerts** – The College generally hosts a wide range of live concerts each year, including rock, classical, and folk performances, as well as a variety of dance events. Tickets for events at William & Mary Hall or Phi Beta Kappa Hall may be purchased at the box offices at those venues. Other concerts are regularly presented at Scope (Norfolk), Hampton Roads Coliseum (Hampton), the Mosque (Richmond), and the Virginia Beach Amphitheater. Some of the best concerts on the East Coast are held in Washington, D.C., a convenient three-hour drive from
Williamsburg. You can purchase tickets for events throughout the area through Ticketmaster, located at the customer service desk at Ukrop’s supermarket in the Monticello Marketplace on Monticello Avenue.

**Arts and Crafts** – Art on the Square and the Occasion for the Arts are outdoor arts and crafts displays held every year in Merchants Square on Duke of Gloucester Street. The Occasion for the Arts, held in the fall, is sponsored by An Occasion for the Arts, Inc. The Art on the Square is held in April and is sponsored by the Junior Women’s Club.

**Parks/Recreation** – Waller Mill Park and James River Park are great places for mountain biking, hiking, fishing, and canoeing. Waller Mill also rents kayaks and pedal boats. Prices are very reasonable, and each park provides a wide range of activities. Waller Mill is less than five miles from campus. For those with children, “Kidsburg” is a great (free) activity. Children come from all over the region to play at this oversized, multi-activity playground, located on Ironbound Road near Target. [www.jcegov.com/recreation](http://www.jcegov.com/recreation)

**Cultural Activities** – The College of William & Mary has an orchestra, chorus, and a performing arts department that stage concerts and plays throughout the year.

Opportunities for cultural enrichment abound in the Williamsburg community. Colonial Williamsburg (CW), Jamestown Settlement, and the Yorktown Battlefield offer hours of fascination for those interested in history. The 20th Century Gallery and the DeWitt Wallace Decorative Arts Gallery all provide cultural opportunities. Concerts and recitals are offered by Bruton Parish Episcopal Church on Duke of Gloucester Street, the Williamsburg Chamber Orchestra, and the Fife and Drum Corps. Craft shows are sponsored by CW during the tourist season. [www.history.org](http://www.history.org)

The Williamsburg Library on Scotland Street regularly offers films, concerts, and lectures. [www.wrl.org](http://www.wrl.org)

Richmond and Tidewater are close enough to offer additional cultural opportunities. In Richmond, the Carpenter Center for the Performing Arts and the Mosque are within an hour's drive. Also, the Virginia Museum of Fine Art and Virginia Museum of Science are easy to find. While in Tidewater, you can see the Chrysler Museum, the Mariners Museum, the Army Transportation Museum, the Virginia Air and Space Museum, and the Langley Research Center.

Whatever your interests may be, Williamsburg has much to offer. With over 300 years of tradition and history, Williamsburg has grown in many unique ways that reflect charm, tradition, and excellence. Welcome to our home!

**THINGS TO DO IN GLOUCESTER**

The SMS/VIMS Graduate Student Association (GSA) dedicates a significant portion of its funds and effort into social activities for the VIMS community. The VIMS Sail and Paddle Club provides an opportunity to take advantage of our proximity to the York River and owns several sailboats and canoes. Annual dues are required in order to use the club equipment and include several classroom and on-the-water training sessions, which are required prior to boat use. The
College's intramural sports program activities (including soccer, floor hockey, basketball, volleyball, and flag football) are very popular with SMS/VIMS students, who have established a respectable reputation among both graduate and undergraduate teams. Other GSA student functions include the annual Christmas Formal and football game. Finally, many other student organizations regularly meet on the main campus, and several students serve as representatives on various College-wide committees and to the William and Mary Student Assembly.

At VIMS, we take great pride in fostering a close-knit academic environment. Students and their faculty advisors are generally on a first name basis, and everyone knows everyone else at the Institute. Many events are open to everyone at VIMS, such as the annual Fall Pig Roast and Spring Seafood Party events – both social extravaganzas for the entire VIMS community complete with music, excellent student-prepared food, and plenty of beverages. It is fairly common for students to get together informally for activities ranging from big homemade meals to nights out on the town in Norfolk. Although rent costs are relatively low, many students live with other students to save money, which only increases the number of social and academic interactions within the student body.

The area around Gloucester County is also rich in history, much of it unknown to even most local residents. For example, “Tarleton’s Last Charge,” the last major battle of the Revolutionary War was fought not in Yorktown, but just north of VIMS in Hayes. Although Rosewell, a colonial-era mansion frequented by Thomas Jefferson is now only a shell following a catastrophic fire, even the brick walls and foundation remain impressive. Many other historic landmarks in the county remain standing, such as Warner Hall, the home of George Washington’s grandmother, and the birthplace of Walter Reed, the U.S. Army physician responsible for conquering yellow fever. Several of the local Episcopal congregations worship in buildings dating from 1690 or earlier. The county was also home to Native Americans, including the tribe led by Chief Powhatan, whose daughter Pocahontas later married the Englishman John Rolfe. Local legend regards a stone chimney located several miles north of the Point as the one recorded built for Chief Powhatan by Captain John Smith in 1609 during his expedition to the lower Chesapeake Bay. Occasional Native American and colonial artifacts are found even today around the VIMS campus, which is situated on much of the late 1600s port of “Gloucestertowne.”

W. Fanchon Glover, Ed.D., Interim Assistant Vice President for Student Affairs
Campus Center 219

The Office of the Vice President for Student Affairs is responsible for overseeing the planning and supervision of an array of programs, services, and activities (see below). Advocacy on behalf of students and their needs is integral to the role of student affairs, as is representing and interpreting the policies, services, and procedures of the College to the student community.

**OFFICE OF RESIDENCE LIFE**

Deb Boykin, Assistant Vice President and Director
Campus Center 212
221-4314
www.wm.edu/offices/residencelife/index.php

The College offers apartment-style living on a limited basis for graduate students in the Lettie Pate Whitehead Evans Residences (next to the School of Law on South Henry Street). Located minutes away from historical Colonial Williamsburg and Merchants Square Shopping Center, the complex includes two-, three-, and four-bedroom apartments. The complex is air-conditioned and apartments are fully-furnished with bedroom, living/dining room furniture, stove, and refrigerator. Each resident has a private bedroom with his/her own telephone line and internet access to the College system. Residents with personal vehicles must obtain the required college parking decal. (Parking fee information can be obtained on the Parking Services website at www.wm.edu/parking or by calling 221-4764.)

Students who are engaged in courses or research throughout the summer may request housing arrangements through the Residence Life Office. Consideration for graduate housing is contingent on submission of a housing application. An application will be sent to you by your graduate school upon acceptance to a graduate program or you may submit an application online. Once the application for housing has been received in the Residence Life Office, it will be...
date stamped. Housing will then be offered on a first come first served basis beginning in the month of May until all the allotted spaces for the various graduate schools have been filled.

Once a housing assignment has been offered and accepted by you, a housing agreement will be mailed to you. This is a legally binding agreement for the full academic year. A $200 Room Reservation Deposit will be required to reserve the offered room space. This deposit will be applied to your first semester’s rent. In addition, a separate check for a $75 Room Damage Deposit is required. This deposit will be refunded to you upon leaving college housing provided there are no damages to the premises and the student’s college account is current. NOTE: Failure to pick up a key will NOT release you from your signed housing agreement. Students who leave college housing for any reason, but continue to be enrolled, will NOT be eligible for a refund of their rent charge.

The College maintains a Student Information Network which provides a web site for individuals who want information and for those who are seeking or providing housing (http://sin.wm.edu/). Through this web site you may find available off-campus housing or other students looking for a roommate to share an off-campus apartment, etc. Information may also be available for new graduate students through their departments for housing possibilities, including opportunities to share accommodations with other graduate students.

All students and student groups are expected to be aware of and adhere to the high behavioral standards of the College. Members of the College community with responsibility in the student conduct and honor systems investigate alleged violations of College policies and implement student conduct and honor policies. The Assistant Dean of Students for Judicial Affairs supervises the judicial process and provides counsel and support to the Student Conduct Council and the Honor Councils. Each graduate school has student representatives on both the Student Conduct Council and the Appeals Board. In addition, an Honor Council for each graduate school is elected annually. See the university’s *Student Handbook* for official policies and procedures regarding the student conduct and honor processes (available on-line at www.wm.edu/deanofstudents).
**Disability Services:** Disability Services strives to create accessible living and learning environments to ensure that students with disabilities are viewed on an equal basis by considering reasonable accommodations individually. The decision to request accommodation is voluntary and a matter of individual choice. Students seeking accommodation are strongly encouraged to notify the College and submit all supporting documentation early to allow adequate time for planning.

**Documentation of Medical Disability**

In general, documentation should not be older than three years from the date of the first accommodation request. As appropriate to the disability, the College expects medical documentation to include the following seven elements:

1. A diagnostic statement identifying the disability, the date of the most current diagnostic evaluation, and the date of the original diagnosis.
2. A description of the diagnostic tests, methods, and/or criteria used.
3. A description of the current functional impact of the disability which includes specific test results and the examiner’s narrative interpretation.
4. Treatments, medications, or assistive devices/services currently prescribed or in use.
5. A description of the expected progression or stability of the impact of the disability over time, particularly the next five years.
6. The credentials of the diagnosing professional if not clear from the letterhead or other forms.
7. The diagnosing professional may not be a family member.

**Documentation of Cognitive Impairment**

Documentation of cognitive impairment such as a specific learning disability, an attention deficit disorder, or a physical, medical, and psychological disorder affecting learning must include a comprehensive report of psycho-educational or neuropsychological assessment that complies with the specified guidelines. For more information concerning these specific documentation guidelines, please refer to the Disability Services website, http://web.wm.edu/deanofstudents/disable/document.php. **STUDENT HEALTH CENTER**

Virginia Wells, MD, Director
Appointment line: 221-2998
Front Desk: 221-4386
www.wm.edu/offices/healthcenter/index.php
The King Student Health Center provides high-quality, primary medical care to full-time students. The Health Center delivers a wide variety of services, many of which are covered by the Student Health Fee included in the Tuition and General Fee. **All matters between a student and the Health Center staff are confidential** and may not be released without the student’s written permission, except in the case of life-threatening situations or when required by law.

**Medical services are provided for all full-time students and for those graduate students certified by the Dean of their school to be doing the “equivalent of full-time work,” including research graduate students.** In order to be eligible for medical care, both groups of students must have paid the Student Health Fee for the current semester and submitted to the Health Center a completed health history and physical examination form.

The Health Center is located on Gooch Drive, south of Zable Stadium (Cary Field). During the academic year, hours of operation are 8:00 a.m. to 5:00 p.m. Monday, Tuesday, Thursday, and Friday, and 10:00 a.m. to 5:00 p.m. on Wednesday. Additionally, the Health Center is open 12:00 noon to 4:00 p.m. Saturday during the fall and spring semesters for urgent problems only. A Registered Nurse is on duty on Saturday when the Center is open, with a physician on call.

If a student chooses to seek care at either a local emergency room or with a local physician, any charges incurred become the student’s financial responsibility. Likewise, if a Health Center provider deems it medically necessary to refer a student to a specialist; this also becomes the student’s financial responsibility. The College of William & Mary sponsors a Student Health Insurance Plan that assists with medical costs. The details of this plan are described in a brochure available at the Student Health Center. It is strongly recommended that every student, married or single, be covered for medical expenses incurred outside the Student Health Center by a family policy or by the College-sponsored policy. Call the Student Health Insurance Coordinator at 221-2978 for more information about the Student Health Insurance Plan.

The College has a medical/emotional emergency procedure, which will be put into effect should a student attempt suicide, make a threat or gesture of suicide, or undergo severe emotional or psychological distress. Anyone with knowledge of such circumstances should immediately contact the Dean of Students, 221-2510, or the Student Health Center, 221-4386.

Virginia State law requires all full-time students enrolling for the first time in a four-year public institution to provide a health history and an official immunization record. The College of William and Mary further requires ALL full-time students (including previously matriculated students) to submit the results of a physical examination performed within the twelve months preceding the student’s enrollment or re-enrollment, as well as providing documentation of appropriate immunization requirements. Previously enrolled students re-entering as full-time students after an absence from campus of greater than 10 years, must also revalidate their immunization records. This information MUST be submitted on William and Mary’s Health Evaluation Form (faxes and photocopies will not be accepted).
**Health Education:** Sarah Irwin, Health Educator, Campus Center 155, 221-2195. The Health Educator serves as a resource for general health information and acts as a catalyst for health promotion events for the William & Mary community. The Health Educator provides a wide range of educational, referral, and outreach services for students who are concerned about wellness, disease prevention, and other health-related issues. The Health Educator also works with H.O.P.E. (Health Outreach Peer Educators), a group of students who are trained to provide the William and Mary community with in-depth and interactive educational programs on a variety of different health issues pertinent to college students. These topics include nutrition, fitness, body image, alcohol, and other substances, mental health, and sexual health. For more information on H.O.P.E. or any of the services provided by the Health Educator, call 221-2195 or email seirwi@wm.edu.

The Substance Abuse Educator also supervises the F.I.S.H. Bowl (Free Information on Student Health), a student-run resource center located in the Campus Center with materials for self-help, helping others, and academic research. Issues include alcohol, other drugs, ways to help friends with a substance abuse problem, family alcoholism, and ways to make low risk choices. **COUNSELING CENTER**
R. Kelly Crace, Ph.D., Director
Blow Memorial Hall 240
221-3620
[www.wm.edu/offices/counselingcenter/index.php](http://www.wm.edu/offices/counselingcenter/index.php)

The Counseling Center offers a range of **psychological and counseling services free of charge** to any enrolled students wanting help with personal concerns, psychological issues, interpersonal issues, and crisis intervention services. Staff members are available to discuss a student’s concerns and work with that student to develop new ways of resolving the problem or managing the concern. An individual counselor initially sees students. Continuing services, if needed, may be offered in the form of individual, couples, family, or group meetings, depending on staff availability and what best matches the student’s need. Psychiatric consultation can also be arranged if needed.

The Counseling Center staff consists of male and female psychologists, counselors, and social workers. In addition, a sports psychologist is on staff. All are trained and experienced in dealing with the problems of university students, both undergraduate and graduate.

Counseling is confidential. Therapy is most effective when a student can be direct and honest with a counselor without fear of personal information divulged. As a result, information about a student is not released without that student’s written permission, except in the case of imminent
danger to self or others, child/dependent abuse, court order, or where otherwise required by law. *Notations of counseling are not a part of a student’s College record.*

Appointments may be made by calling the Counseling Center at 221-3620 or by coming to the office in person. Appointments will be scheduled as soon after the initial request as possible, depending on the urgency of the situation and staff time available. Appointments are usually available within a week of the initial request. After an initial evaluation, a student continuing in counseling will be assigned to a counselor. During periods of high demand for services (usually midterms to finals), appointments will be made on a priority basis. If appropriate, students may be referred to other sources of help after an initial evaluation.

Office hours are 8:00 a.m. to 12:00 noon and 1:00 p.m. to 5:00 p.m. Monday through Friday. During the academic year, a Counseling Center staff member is on call after hours for crisis intervention services.

STUDENT GOVERNMENT

Student government at William & Mary is vested in the Student Assembly. The Assembly provides a voice for graduate and undergraduate student opinion and a means through which students participate in the growth of a strong community. It has four basic objectives:

1. **To provide a voice for student opinion.** The Student Assembly is a forum through which students express their opinions about all aspects of university life. Since the Assembly consists of both graduate and undergraduate members, it is the one body at the university authorized to speak on behalf of all students. The Senate, the head of the Assembly, provides focus for the concerns and interests of the student body. It advocates for students through a variety of techniques including communications with the Board of Visitors, the faculties, and local and state government. The graduate councils and the Undergraduate Council enable students to express themselves on issues related specifically to the needs of their constituent groups. To ensure that individual students have direct access to their elected governing body, a portion of every Senate meeting is devoted to receiving input from any member of the student community.

2. **To educate and inform the student body.** The basis of a strong, active system of representative governance is an informed constituency. The Student Assembly disperses information to students about university proposals, initiatives, and actions to ensure that students understand issues which affect them and have the information necessary to express their views and initiate actions. Clubs and hall councils are informed through the Club Council and the Residence Hall Association respectively.

3. **To fairly and equitably allocate the student activity fee.** The Student Assembly plays a central role in determining and allocating student activity fees at William & Mary. Through the Finance Committee, the Assembly recommends yearly allocation of student activities fees to student organizations, programs, and services.

4. **To provide cultural and social programming and student services.** The Student Assembly actively seeks to expand the cultural and campus-wide social options for all students. The Assembly initiates and sponsors activities on its own authority and in cooperation with other student and college organizations to ensure a diversified program which meets the needs of...
William & Mary students at all levels. To improve student life at the College, the Assembly also offers a number of services to students living both on and off campus.

All students both graduate and undergraduate are members of the student government organization and are encouraged to become involved in its functions. The Student Assembly is made up of three parts:

1. **The Senate:** The Senate represents all students, graduate and undergraduate. The Vice President of the Assembly presides over the meetings of the Senate. The Senate directs the work of the student government. It originates and receives resolutions, recommends the student fee budget allocations, nominates student members to College-wide committees, and supervises the full range of programs, services, and other activities sponsored by and for students.

2. **The Undergraduate Council:** The Undergraduate Council deals with those matters which are exclusively the concern of the Undergraduate Student body. The Council consists of twenty-six (26) elected members: four class officers from each undergraduate class (president, vice president, secretary, and treasurer), and ten (10) undergraduate members of the Senate. The Undergraduate Council elects a chairperson from within its membership. Through their class officers, individual classes promote social activities, enhance communication among their members, and offer cultural and service activities for class members.

3. **The Graduate Council:** Each graduate school has a Graduate Council. These councils include the Graduate Business School (MBAA), the Law School (SBA), the Virginia Institute of Marine Science (VIMS), the Graduate School of Education (GEA), and the Graduate School of Arts and Sciences (GSA-A&S). Each graduate council consists of a president, vice president, secretary, treasurer, and graduate representative who serve on the Senate. Each graduate council appoints social, communications, cultural, and services committees.

**Elections:** Elections to all positions in the Student Assembly are held on the second Tuesday of February of the spring semester. Candidates for election to student government positions must be full-time, degree-seeking students. No student is permitted to campaign for more than one student government position, and students who are on honor or judicial probation are not eligible for election. An election committee is appointed by each of the five graduate councils and the Undergraduate Council to conduct annual elections. Election committees draft rules to be approved by their respective organizations, which govern conduct for the elections.

The Student Assembly office is located at 404 Jamestown Road. Student advocates may also be reached at 221-3302. Learn more about the Student Assembly at http://sa.wm.edu.

**PUBLICATIONS AND THE MEDIA**

The Publications Council provides guidance and financial supervision for undergraduate and graduate student publications. The Council is comprised of four student members, two faculty members, two members of the administration, and a member of the community at large. *The Flat Hat*, a student newspaper, is published twice weekly, *The Virginia Informer* is an independent student newspaper that is published bi-weekly, and *The Dog Street Journal* is a newsmagazine published monthly. All three can be picked up in the Sadler and Campus Centers.
and at the library. The Flat Hat, Informer and DSJ can also be found in most academic buildings and undergraduate residence halls. The Amicus Curiae is the regularly published Law School student newspaper. The student radio station, WCWM, is located at 90.9 FM. The student television station, WMTV, shows movies, replays of sporting events and other programming on pages 52 and 53 in on-campus dormitories. The William and Mary Review, published at least twice a year by a staff of student editors, is the College’s literary publication. The College yearbook, The Colonial Echo, is published annually by a student staff. Student publications are funded primarily by student fees. Graduate students who pay full tuition and general fees may request copies of the William and Mary Review and the Colonial Echo, and may obtain copies of the other publications mentioned above at their appropriate places of distribution.
