Pan Hellenic Council Announces Activities, Plans for Installation

Andy Anderson, President of Pan-Hellenic Council, has an- nounced the following forthcoming activities of the Council.

Of prime importance is the drive being sponsored by the Council for contributions to Eastern States for the purpose of purchasing new furniture. Each contribution of $1 will contribute $0.60 and that will be added to the fund to be col- lected from the fraternities on campus. This drive will be car- ried on during the month of April.

On April 22, the Council will hold an annual initiation banquet in the Senior Room of the cafe- teria. This banquet will be for the purpose of installing the new Pan- Hellenic Council officers for next year.

A bake sale is scheduled to be held on April 28 in the foyer of Phi Beta Kappa Hall. Proceeds from the sale will be contributed to the Pan-Hellenic Scholastic Fund. The sale is scheduled to begin at noon and will continue until all pastries are sold.

IFC Announces Rules

Nominations for the new IFC president will be made in the Council on Wednesday, April 16. Candidates for the position will be chosen from the second representatives of the eleven fraternities and through the procedure of elimination three names will be placed on ballots to be circulated through- out the week. The winning candidate will receive one ballot per man in his membership, except those fraternities which have a representative on the ballot—they shall have no vote. The nominee receiving a plurality of the ballot will be elected.

It is urged that each fraternity give careful thought before voting, for the man who is chosen President will have a major share in the government of the College in time to be in- cluded in the budget for the coming term.

The IFC is sponsored by the College and Grounds Committee of the College.

Building and Grounds Committee

The Building and Grounds Committee, to consist of the Build- ing and Grounds Committee of the College plus Layton Zimmer- son, John Dallou, Julia Youngquat and Dave Wakefield, was set up at this meeting for the purpose of designing with the student body ideas for improvements which might be made around the campus. These suggestions will be given to the Building and Grounds Committee of the College in time to be in- cluded in the budget for the coming term.

An Agricultural Advisory Committee was created and includes John Dallou, Fredly Allen, Dave Wakefield, Dr. Kernodle, Dr. Jones and President Chandler.

The suggestion has been made to add more information about fraternities and sororities to the College Catalogue, or, as an alter- native, to send the Indian Handbook along with the Cata- logue to all prospective students.

The Assembly-sponsored Campus Chest Drive has reached a total of $573, aided greatly by the ODK-faculty basketball game. The Assembly passed a motion that the Campus Chest Drive be declared an annual affair.

By amendments to the By-laws of the Constitution, the Assembly added a make-up election to the staff of the Royalist, clarified the status of the Cheerleading Squad, and amended the qualifications for holding offices in the Student Government.

The Assembly requests that all students co-operate with the "Keep off the Grass" effort now in progress. New grass has been planted, stables have been placed around the newly planted grass, and signs have been posted to prevent the students from using the walkways. The work has been done and the Assembly asks only that the students use the walkways.

Keep our campus green.
