

WILLIAM & MARY
CHEMISTRY DEPARTMENT

Spring '22 Seminars ~ Fridays 3 - 4 pm!

4 - 18 March ~ No Seminars

- 25 March **Dr. David Nesbitt, University Colorado (ISC 1127)**
**A Physical Chemist in Search of Simplicity:
Tales from the Nanoworld**
- 1 April **Dr. Richard Zare, Stanford University (ISC 1127)**
Water- So Common, So Mysterious
- 8 April **Dr. Cari Dutcher, Univ. Minnesota (Virtual)**
**Atmospheric Aerosol Particle Liquid Phase
Transitions + Ice Nucleation using Microfluidics**
- 15 April **Research Recruitment Poster Session (ISC Atrium)**
- 22 April **Dr. Lesley Greene, Old Dominion University (ISC 1127)**
Hidden Patterns in Proteins and Beyond
- 29 April **Dr. Kallie Willets, Temple University (ISC 1127 or virtual)**
**Feeling hot, hot hot - How single molecules
report temperature-dependent processes
on plasmonic nanoparticle surfaces**

6 May ~ LDOC!!! - No Seminar

ISC 1127 or Virtual
Mandatory attendance for
***CHEM 390, 490, 495, 496, 650, 651* students**
