.....
If you answered “Yes” to ALL of the questions above, your plan may be accepted by the College. You must submit a copy of your entire health insurance policy (including benefits and exclusions) in English with US dollar amounts expressed to the Student Health Center by the posted deadline each academic year so that your Waiver Request can be evaluated. Please write on the submitted policy your full name, visa type, email address and phone number.

Please note: It is strongly recommended that you call or email the Student Health Center to see if we have received your International Student Waiver Request and supporting documentation on time. If all of the required documents are received by the Student Health Center by the posted deadline, your insurance policy will be reviewed by Student Health Center officials and you will be notified of the waiver decision via email. **Submission of a policy for review DOES NOT guarantee that a requested waiver will be granted.** If your Waiver Request is approved, the college-required Student Health Insurance charge will be removed from your W&M account. If your Waiver Request is not approved, the appropriate charge for the Student Health Insurance Plan will remain on your W&M account until it is paid in full.
