Overview
This section explains how to locate your employees’ time sheets, approve an employee’s time sheet, defines the key terms, and demonstrates the navigation tools you will need to get started.

Objectives
After completing this section, you will be able to:

• Locate your employee’s time sheet in ESS
• Review an employee’s time sheet
• Add any comments to the time sheet record
• Approve an employee’s time sheet

Approving Time
The College of William and Mary as well as the Virginia Institute of Marine Sciences use two different pay periods based on employee classification as shown in the chart below.

<table>
<thead>
<tr>
<th>Time Periods: 10th – 24th and 25th – 9th</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>AP Faculty</td>
<td>Only submit a time sheet for leave taken.</td>
</tr>
<tr>
<td>Instructional Faculty</td>
<td>Time sheet must be approved.</td>
</tr>
<tr>
<td>Classified – Exempt</td>
<td></td>
</tr>
<tr>
<td>Instructional 12 mo. Faculty</td>
<td></td>
</tr>
<tr>
<td>Non-Exempt</td>
<td>Always submit a time sheet for all hours worked and leave taken.</td>
</tr>
<tr>
<td></td>
<td>Time sheet must be approved.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Time Periods: 1st – 15th and 16th – 31st</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Hourly (including Student Hourly)</td>
<td>Always submits a time sheet.</td>
</tr>
<tr>
<td></td>
<td>Time sheet must be approved.</td>
</tr>
</tbody>
</table>

If you supervise AP Faculty/Classified employees and Hourly employees you will need to approve time sheets in EACH pay period.
Approve a Single Time Sheet

As an Approver/Proxy, you are responsible for approving time submitted by each employee reporting to you. You will now be able to approve time at any time (23/7) using the new Approval process through Employee Self Service.

1. Complete Employee Self Service Login.
2. Click on **Time Sheet** from the ESS menu.
3. Select **Approve or Acknowledge Time**.
4. Click **Select**.
5. By default the department(s) that you are approving will appear.
   a. Select the department you wish to approve and the correct pay period from the
      drop down list. You must approve one department at a time.

   NOTE: The Pay Period date is preceded by SW, HW, SV, or HV. S represents Salaried;
      H represents Hourly; W represents William & Mary; and V represents VIMS.

   b. Select the **Sort Order** for employees’ records.

   NOTE: The *Sort employees’ records by Status then by Name* option should be
      selected. Time sheets will be ordered by status: Not Started, In Progress,
      Pending, and Approved.

   c. Click **Select**, the Time Sheet Summary page displays.

6. The summary lists each status and corresponding employees’ time sheets.

   NOTE: You may see employees listed in the Not Started queue that do not report to you.
   This is because the sort is also based on the Department/Organization. An Organization
   covers many areas and may have many approvers.

   You will need to pay attention to employees that report to you. You will also need to
   recognize if the employee is Exempt, Non-Exempt or Hourly and recognize who needs to
   submit a time sheet each pay period.
a. Take special notice of the Pay Period Time Entry Status as the time sheet must be submitted and approved by that specific date and time.

Section 3: Making Time Sheet Corrections

Overview
This section explains how to make changes to your employees’ time sheets if time worked or leave taken has not been reported correctly.

Objectives
After completing this section, you will be able to:

- Return a time electronically to an employee for correction
- Change a time sheet on behalf of the employee

Time Sheet Corrections

There are two ways in which changes can be made to an employee’s time sheet.

- You may return the time sheet to the employee electronically using the Return for Correction feature.
- You may change the time sheet yourself using the Change Time Record feature but only with permission from the employee.

Return for Correction

This feature allows you to return a time sheet electronically to the employee. It is recommended that you contact the employee (voice/email) to advise them the time sheet is being returned. The employee will need to update the time sheet and resubmit it for approval – all before the Submit By Date.

1. Select the employee’s time sheet.
2. Review the hours reported and/or leave taken.
3. If a correction needs to be made, review the proposed change with the employee. Let the employee know you’ll be sending the time sheet back electronically.
4. If you'd like to note the proposed change, add a **Comment** before clicking Return for Correction.

5. Click **Return for Correction** to send the time sheet back to the employee.

---

**NOTE:** There is NO automatic notification to the employee. They must log in to ESS and view their time sheet to know it has been returned unless you let them know.

The time sheet is returned to the employee. On the Time Sheet Summary screen the time sheet is now listed under the status of **Returned for Correction**.

6. Once the employee records the change and re-submits it for approval you will need to review it and approve it.
Change Record

As an approver you may change the employee’s time sheet (as long as it is in a Pending status). You must also have permission from the employee to change the time sheet. Remember, this time sheet is the legal record of time worked or leave taken.

1. Click **Change Record** on the Employee Detailed Information screen or **Change Time Record** on the Time Sheet Summary screen.
2. Choose the desired Date and Earning type to edit
   1. Click the corresponding **Enter Hours** link to enter new hours
   2. Or, click on a number of hours to change them.
3. To remove hours for a certain date and earning type,
   1. Highlight/select the number of hours
   2. Click **BACKSPACE** to completely remove the value.
4. Click **Approve** to approve the time change.
5. Click **Previous Menu** to return to the Time Sheet Summary screen.

Reminders

- The Approver must let the employee know when a time sheet is returned for correction. Speak directly with the employee or send him/her a brief e-mail.
- The primary Approver or the Proxy Approver must verify all hours and ensure any necessary corrections are made prior to approving time for Payroll.
Section 4: Designating a Proxy

Overview
This section explains how to set up a proxy to approve time sheets on your behalf.

Objectives
After completing this section, you will be able to:

- Add and remove a proxy

Setting Up a Proxy
There may be times when you are unavailable to approve time. Approvers must set up a Proxy to act in their behalf and to approve the time sheets assigned. You should set up one or more proxies in advance.

- A proxy assumes your approval power.
- A proxy can only see the employee’s time sheet and reported hours. Neither your proxy nor you can see any other information about the employee.
- A proxy should ONLY approve time when requested to do so by you.
- An employee can be made a proxy for more than one approver.

Proxy Set Up
1. Click Proxy Set Up at the bottom of the Time Sheet/Leave Request/Proxy screen.

The Proxy Set Up screen displays.
