OSP System Update:

Recent CWM network issues have affected our Route and Review (routing form) as well as our Protocol and Compliance Management databases.

As of this writing, our Route and Review system is back up. If you encounter any issues, however, please notify wosp@wm.edu.

It appears the Protocol and Compliance Management database is not auto-generating emails about protocol status. So, if you learn you should be responding to a protocol, please obtain (or ask us to obtain) the URL for the protocol. We have some reason to believe having the URL may enable you to act on a protocol. Please contact Liz Montalvo, eamont@wm.edu, 1-3901, if you need any assistance.
