
Branch Out Reorientation Grants, CWM, deadline: rolling; http://www.wm.edu/offices/oce/funding/reorientationgrants/index.php: The purpose of these grants is to support students who have been involved in a Branch Out alternative break and want to deepen their alternative break experience by connecting to local issues after their break trip. In the process, Grants will help develop students as active citizens and support communities locally and elsewhere in the US in achieving their own goals. Grants support student-designed projects, expenses incurred during full-time volunteer service and internships in collaboration with a community partner (nonprofit, public agency or other community-based organization).

Research Opportunities, CWM/Mason School of Business; http://mason.wm.edu/programs/undergraduate/advising/researchgrants/index.php:
