Summer Interns:

Melissa Meyerson, a chemistry major at the University of Maryland, will be performing research in our labs under the direction of Michael Kelley. Melissa is a participant in the Science Undergraduate Laboratory Internships (SULI) program at Jefferson Lab.

Lopamudra Das, a William and Mary graduate student in Applied Science, will also be performing research in our labs this summer.
Jefferson Lab Run-A-Round:

This annual race was held on May 22\textsuperscript{nd} and lab personnel were eager participants again this year.

The Beginning

The End

The Winners

Congratulations to Olga and her husband for winning first place in their age groups.
