CWA’s 25th Gala

What a night! Our 25th anniversary celebration was an event to remember. The main highlight of the night was our founder, Wayne Kernodle’s attendance. He was delighted to see both new and familiar faces. It was our pleasure to present to him a memory book full of sweet sentiments from CWA members and photos as a keepsake. CWA also gave out our first “Christopher Wren Award” to Jack Edwards. Jack has been a staple at CWA with 23 years of service. Congrats again, Jack!

CWA was honored to receive a resolution from the General Assembly of Virginia for our service! Jeanne Kouhestani also gifted our founders with a beautiful portrait of Wayne and Ruth Kernodle!

We enjoyed the opportunity to spend time with friends in the semi-formal environment and to be among those celebrating during the thoughtful program. It was a treat to see Wayne Kernodle looking so well and to acknowledge the years our lawn-bowling buddy, Jack Edwards, has spent teaching in the program. It truly was a lovely evening.

CWA Gala

As part of the course “Re-Imagining A Ruin in Virginia’s Northern Neck,” 23 Christopher Wren students traveled to Warsaw, Virginia to actually see what they had studied in the classroom. They visited Menokin, the home of Francis Lightfoot Lee, a Signer of the Declaration of Independence. Built in 1769, the home collapsed into itself in disrepair, and is now owned by The Menokin Foundation. Its mission is to preserve, protect, and interpret the house under an ingenious glass structure.

Below is a quote by a member taken from the memory book keepsake.

“Wayne and Ruth, the highlight of my residency in Williamsburg the last 13 years has been the wonderful Christopher Wren Association. Thank you for your splendid efforts to start and nurture such a wonderful endeavor. My most sincere thanks to you both.

Sincerely,
Scott Orr”
