

# REGISTRATION

You will need to register for your Fall classes, just as you normally would.  
You will register for the following specific courses and sections, though:

## Contemporary Art and Criticism (3 credits)

- ARTH 460, LCST 351, AMST 470

## The Art Museum: Theory, History, Practice (3 credits)

- ARTH 460, LCST 401, AMST 470

## Washington Program Internship (6 credits)

- **INTR 499** (CRN 27058)

*\*Please note: This course can be taken as Pass/Fail if you prefer.*

*In addition, students seeking departmental credit for the internship course instead, may request approval from the given department chair and then attain final confirmation with the Registrar. In this case, you may credit toward any departmental requirements.*

---

These classes will be held for only *W&M in Washington* students and will therefore not fill up without you in it. However, please make sure that you still register on time.

Finally, make sure you pay attention to Blackboard announcements from Professor Wallach, as he will let you know what books to buy over summer break (since you won't be on campus to go through the bookstore).

***GOOD LUCK!***
