If you applied for financial aid, you will receive notice of your eligibility for financial aid approximately one week after you receive this information packet. If the Office of Financial Aid has requested additional information, such as a 1040 or a W-2 form, your offer may arrive later. As long as you respond to such requests in a timely manner, you will receive full consideration for financial aid. In order to view your financial aid award online, you must activate your W&M username and password. (Directions can be found on the Your Website insert.) You will be emailed when your award letter is ready for online viewing.
