# Each number or letter noted is a location on the Day for Admitted Students Campus Guide.

## A1/B1 Academic Advising

*Sadler Center, Commonwealth Auditorium* 4

Learn how advising can help you plan your course schedule to reach your academic goals and maximize the registration process.

## A2/B2 An Inclusive & Flourishing Community

*Sadler Center, Tidewater Room* 4

The Student Center for Inclusive Excellence partners with over 50 student organizations focused on celebrating our differences and promoting a sense of belonging across campus. Learn about the programs, resources and activities open to all students.

## A3 Campus Recreation & Sports

*Bee McLeod Recreation Center, Miller Gym* 10

From boxing and spin classes to weight training and cardio equipment, Campus Recreation has everything you need for fitness and fun. Learn about all our recreational opportunities, including our 40+ sport clubs and 450+ intramural teams.

## B3 William & Mary Athletics

*Zable Stadium, President's Suite* 6

W&M sponsors 23 varsity sports that all compete at the Division I level. Our 500+ student athletes win conference titles and graduate at a higher rate than any other public university in the country. Learn more about W&M Athletics, whether you play yourself or cheer from the stands.

## A4/B4 Pre-Med, Pre-Vet, Pre-Dental, Pre-Pharmacy

*Kaplan Arena* 24

W&M has pre-professional advising for students interested in pursuing a career in healthcare or veterinary medicine. Attend this session to learn about the different advising tracks that will help you prepare for entrance exams and graduate school.

## A5/B5 Go Tribe! Your W&M Next STEP

*Alumni House, Hunter Hall* 1

Kick off your new student journey with Lauren Garrett, director of Student Transition Engagement Programs (STEP), and a dynamic team of student leaders as they share must-know summer expectations and opportunities, insider tips for New Student Orientation and what to anticipate throughout your unique W&M experience.

## A6/B6 STEM at W&M

*Music Arts Center, Concert Hall* 33

Explore the possibilities in STEM at W&M during this interactive panel discussion between deans Suzanne Raitt (College of Arts & Sciences) and Douglas Schmidt '84, M.A. '86 (School of Computing, Data Sciences & Physics). Hear how you can pursue fields like AI, human health, biology, neuroscience and applied mathematics while gaining the blend of critical thinking and technical expertise that will prepare you for fast-evolving industries.

## A7/B7 Study Abroad & International Opportunities

*Sadler Center, Chesapeake Room* 4

With more than 45 W&M study abroad programs and hundreds of other options in more than 50 countries, it's no wonder that W&M students consistently study abroad at rates higher than most other public universities in the U.S. Join us as we discuss a wide range of opportunities you will have around the world.

## TAKE A SEAT!

W&M offers an 11:1 student-to-faculty ratio, with exceptional faculty working closely with students for a truly personal education. Take a seat and see for yourself.

## MOCK LECTURES

*Phi Beta Kappa Memorial Hall, Glenn Close Theatre* 13

### A8 The Origins of Food Stamps in the United States

*Chris Howard, Harriman Professor of Government & Public Policy*

In this mock lecture, you will get a quick history of food assistance programs from the 1930s to the 1960s, culminating in the Food Stamp Act of 1964. We will look at these programs with an emphasis on the twin goals of helping farmers and people with low incomes.

### B8 Marketing Built the Modern World. Do You Buy It?

*Kurt Carlson, Fields Professor of Marketing*

Marketing is often reduced to advertising, but through a behavioral economics lens it is better understood as the set of activities that facilitate exchange among imperfectly rational people. We will explore how marketing enables specialization, which drives the productivity and innovation on which the modern world is built.

# Session Block C

SESSION BLOCK C: 12:35-1:15 p.m.

Choose one session.

## C1 Service, Volunteering & Community Engagement

*Sadler Center, Tidewater Room* 4

From its founding, W&M has been committed to service, public stewardship and leadership in service of the common good. With 60+ community service groups on campus, volunteer opportunities abound. Civic & Community Engagement provides diverse opportunities for students to become active and educated citizens and to promote positive, community-driven change.

## C2 Washington Center: Live, Learn & Launch Your Career in D.C.

*Sadler Center, Chesapeake Room* 4

The W&M Washington Center is your campus in the city, offering immersive experiences that engage you in hands-on coursework while interning with top organizations in the nation's capital. Programs are open to all majors and flexible in format, ranging from 10-day accelerated courses over winter break to year-long global experiences.

## C3 Coastal & Marine Sciences at W&M

*Integrated Science Center (ISC), Room 0350* 9

The new coastal & marine sciences major gives you the opportunity to study and perform research at W&M's Batten School & VIMS. Faculty members will share insights into the curriculum, the science behind discoveries and how coastal and marine sciences impacts communities and industries across the globe.

## C4 Pre-Education

*Miller Hall, Brinkley Commons* 11

As one of the best colleges in Virginia for education, W&M trains future teachers, counselors, school psychologists and K-12 leaders. Attend this session to learn about our major and minor offerings and our partner programs.

## C5 Pre-Health

*Music Arts Center, Concert Hall* 33

W&M has pre-professional advising for students interested in pursuing a career as a physician assistant, nurse, athletic trainer or occupational or physical therapist. Attend this session to learn about the different advising tracks that will help you prepare for entrance exams and graduate school.

## C6 Pre-Law

*Alumni House, Hunter Hall* 1

W&M's combines a broad curriculum with an active pre-law advising program that includes W&M Law School faculty and students. Learn how you'll focus your studies on what you're passionate about while receiving guidance in curriculum planning and assistance with the law school admission process.

## C7 Health & Wellness

*McLeod Tyler Wellness Center* 7

Take a tour and get an overview of the McLeod Tyler Wellness Center. From mindfulness workshops and yoga to art therapy and resilience training, the center maintains a full spectrum of facilities and programs, including the Counseling Center, Student Health Center and the Center for Mindfulness & Authentic Excellence.

## C8 What's Your COLLing?

*Sadler Center, Commonwealth Auditorium* 4

Our world-renowned faculty will teach and prepare you to thrive in our rapidly changing world. Learn about our College (COLL) Curriculum, which provides you the opportunity to explore the liberal arts and sciences while developing critical skills throughout your undergraduate experience.

## C9 Big Ideas, Global Impact

*Integrated Science Center (ISC), Room 1221* 9

Make your mark — and global headlines — with AidData and the Global Research Institute at William & Mary. Work alongside faculty and peers to tackle pressing challenges at the intersection of data, policy and global research. From the first spark of an idea to publishing and presenting your findings, you'll receive support throughout the research process — and opportunities to collaborate with leading experts whose work is shaping conversations around the world.

## Have a question?

Current students dressed in "ASK ME" shirts are available to help.

# Session Block D/E

**Session Block D: 1:30-2:10 p.m.**  
**Session Block E: 2:25-3:05 p.m.**

Choose one session for each time block.

## D1/E1 Parent & Family Panel

*Sadler Center, Commonwealth Auditorium* 4

What's life really like at W&M? Get firsthand insights from those who know it best — current parents, students and key university leaders. Moderated by Heather Deere, director of Family Engagement, this panel includes Senior Vice President for Student Affairs & Public Safety Ginger Ambler '88, Ph.D. '06, P '24 and Dean of the College of Arts & Sciences Suzanne Raitt, offering valuable advice and answering your top questions about the W&M experience.

## D2/E2 For Students, By Students Panel (Students Only)

*Sadler Center, Tidewater Room* 4

William & Mary is home to more than 7,000 dynamic, engaging, witty and talented students studying more than 115 majors and minors and participating in over 475 student clubs and organizations. Ask anything and everything, and current W&M undergrads will have answers!

## D3/E3 Business at W&M

*Miller Hall, Brinkley Commons* 11

What makes us a top business school in the nation? Is it because of our job placement rate (96%)? Is it because we prepare you to excel in finance, marketing, consulting and accounting? This is your opportunity to find out.

## D4/E4 Res Life and Living-Learning & Special Interest Communities

*Kaplan Arena* 24

Big things are happening on campus! Brand-new and renovated residence halls opened this year, offering students modern, vibrant living spaces. Learn about residence life, expanded dining options and the latest campus resources, all designed to enhance student life at W&M.

## D5/E5 Research at W&M

*Alumni House, Hunter Hall* 1

Start research as early as your first year! At W&M, the majority of students participate in faculty-mentored research. You can participate in independent research, faculty-mentored research or work with external partners to make a difference in the world. Hear from current students with different types of research experiences about their projects and advice for incoming students.

## D6/E6 Fraternity & Sorority Life

*Integrated Science Center, Room 1221* 9

W&M is home to America's first fraternity, Phi Beta Kappa, which was founded in 1776. Since then, fraternities and sororities have evolved into social organizations focused on scholarship, service, leadership and siblinghood. Learn how our 30+ fraternities and sororities play a vital role on campus, in the community and beyond.

## D7/E7 Internships & Applied Learning (with Funding!)

*Music Arts Center, Concert Hall* 33

W&M consistently ranks in the Princeton Review's top 10 public universities for internships for a reason. Hear from W&M's Chief Career Officer Kathleen Powell and others about the various applied learning experiences and support offered to students.

## D8 Performing Arts

*Phi Beta Kappa Memorial Hall, Studio Theatre* 13

Do you dream of being on stage? Hear from faculty and students in dance, music and theatre inside W&M's recently completed Arts Quarter. Learn how you can join ensembles, dance companies, improv and acting troupes and bands, even if you're not majoring in the arts.

## E8 Fine Arts

*Phi Beta Kappa Memorial Hall, Studio Theatre* 13

Meet with faculty and students from W&M's Department of Art & Art History. Learn about the different tracks for each major, how to have your creative artwork and original scholarship featured in the Senior Art History Colloquium, Student Art Exhibition and more.

## MOCK LECTURE

*Phi Beta Kappa Memorial Hall, Glenn Close Theatre* 13

### D9 Navigating Our AI-Augmented Future

*Douglas Schmidt '84, M.A.'86, Dean of the School of Computing, Data Sciences & Physics*

Explore our AI-augmented future, using examples such as agriculture's mechanization, Jevons' Paradox and past technology boom-bust cycles to argue that AI will transform — yet ultimately expand — knowledge work. This mock lecture will define computational thinking and show how prompt engineering, prompt patterns and emerging "promptware" enable scalable AI orchestration, turning one idea into many outputs. Learn the need for AI literacy and fluency, grounded in rigor to prevent hallucinations and complacency.

### E9 From Wren's Brain to the Wren Building — Neuroscience at W&M

*Pamela Hunt, professor and chair of the Department of Psychological Sciences*

We'll use case studies of individuals with brain damage to talk about the marvels and complexities of the brain and its many areas. At the end of the lecture, students will be able to see and interact with a real human brain.

# Final Session Block

3-4 p.m.

Choose any event(s).

## Green & Gold Student Social

Zable Stadium, South End Zone 6

Kick back and relax, play games, make friends and eat some fun, local treats. Experience the sense of community and belonging William & Mary is known for — the people you met today will be your friends, classmates, teachers, mentors and more. We mean it when we say, “Who comes here belongs here.”

## Parent & Family Social

Zable Stadium, North End Zone 6

Mix, mingle and enjoy hors d'oeuvres and refreshments at the end of the day with current W&M families. Stand on the Zable Stadium field and imagine the roaring cheers for the Tribe.

## Other Activities

### Mini-Tours 10 a.m.-4 p.m.

These tours run every 15 minutes at each location. Look for tour guides in designated meeting places, noted here and marked on your Day for Admitted Students Campus Guide.

# What's New at W&M?

## Academic Programs

**Three new majors** in coastal & marine sciences, human health & physiology and public health.

**Three new minors** in artificial intelligence, cybersecurity and geospatial analysis.

## Housing & Dining

**Five new and refurbished residence halls and an 800-seat dining facility** are part of a \$700+ million housing and dining plan, overhauling 80% of W&M's housing inventory.

**West Woods** is a residential village with Poplar, Pine, Maple and Oak residence halls along with the West Woods Commons dining hall. Oak Hall will host the Global Village, a collection of eight language living-learning communities. A pedestrian bridge connects West Woods to W&M's student life neighborhood, including the Sadler Center, wellness center, career center and more.

**Cedar Hall** on Jamestown Rd. is the home to two living-learning community scholar programs for first-year students: the Sharpe Community Scholars, who perform community-based research, and the new Democracy Scholars, who focus on civic engagement and community building.

## Academic and Student Life Buildings

**Gates Hall** will be a hub for research and teaching around global challenges such as economic development, geopolitical conflict, national security and conservation. This renovated building will house AidData, the Global Research Institute, the Institute for Integrative Conservation and the Whole of Government Center of Excellence.

**Integrated Science Center (ISC) 4** is home to the School of Computing, Data Sciences & Physics, bringing together four high-performing units: applied science, computer science, data science and physics. The building features state-of-the-art classrooms, makerspaces and labs.

**The Mackesy Sports Performance Center** is a cutting-edge athletics facility featuring a strength and conditioning area, two hydrotherapy pools, a dedicated sports medicine space and a full-sized practice court for basketball and volleyball.

Together, these updates reflect William & Mary's continued investment in academic excellence, student life and the spaces where learning and community come together.
