

# Semester Research Grant Advisor and Departmental Approval Form

## Approval of Faculty Research Advisor and Department Chair or Program Director

**All applicants must fill out this form, get original signatures, and upload the form as a pdf to the online application.**

The Semester Research Grant Program is not intended to fund research costs that are included in the budget of an externally supported research grant, either as part of the original budget for the external grant or as a supplement to the external grant. When external support for similar research exists, or a request to supplement such research is pending, then it is viewed as inappropriate to solicit funding from the Semester Research Grant Program.

**Note: applications will not be accepted without all three signatures.**

### Signature of Faculty Research Advisor

"I have reviewed this proposal and judge the request to be reasonable. The applicant is qualified to conduct this research project. Further, I do not have external funding for this student's research project."

NAME (please print) \_\_\_\_\_ EMAIL \_\_\_\_\_

SIGNED \_\_\_\_\_ DATE \_\_\_\_\_

### Signature of Department Chair or Program Director

"I have reviewed this proposal and judge it to be in accordance with the policy stated above and to be worthy of funding."

NAME (please print) \_\_\_\_\_ EMAIL \_\_\_\_\_

SIGNED \_\_\_\_\_ DATE \_\_\_\_\_

Note: Recipients agree to post at least two blog entries about their research on the Charles Center's research blog. Alternative arrangements can be made if posting will compromise the student's research.

"This proposal is written in accordance with the SRG guidelines and the policy stated above."
