

SUPPLEMENTAL GRADUATE STUDIES FORM DEPARTMENT OF CHEMISTRY

Thank you for your interest in The College of William & Mary Chemistry graduate program. To help us match the educational interests of prospective graduate students with the research needs of our faculty, we ask that you indicate the degree program which you will probably choose to pursue and broad areas of interest in chemistry. In addition, please consult the descriptions of current faculty research (<http://www.wm.edu/as/chemistry/research/index.php>) and list faculty members (in order of preference) whose interests most clearly reflect yours. Contact faculty directly if you have any questions regarding their individual research programs.

Also, please tell us below how you heard about your program.

Thank you.

Your Name _____

Degree program of primary interest (check one):

- MS Chemistry Program
- Combined MS/BS Chemistry Program
- MA Chemistry Program (non-thesis)
- Combined MS Chemistry/PhD Applied Science Program
- MS in Environmental Chemistry Program

What are your most and least favorite areas of chemistry (analytical, biochemistry, inorganic, organic, physical and/or polymer). More than one of these or other areas may be indicated in each case.

Most _____ Least _____

Faculty advisors whose research interests most closely reflects yours (optional for MA program):

First choice _____

Second Choice _____

How did you learn of the graduate program in Chemistry at William and Mary?
