

BIOCHEMISTRY
Summer 2018

Instructor: Randolph A. Coleman

Office: ISC-3 room 1289

Phone 221-2679

E-mail: RACOLE@wm.edu

Classroom Location: Integrated Science Center, room 1280

Course materials: Biochemistry, 6th ed. by McKee & McKee
Student Study Guide (optional, but **highly** recommended)

GRADING: Your grade will be determined as follows: your top four tests are worth 25% each. Your lowest test score (relative to the class average) will be dropped, if you take all five hourly tests.

OBJECTIVES: Objective lists are available on Bb for each chapter. You should know the answers to these objectives in preparation for each test. While no specific problems are assigned, it is recommended that you try a sampling of the problems at the end of each chapter. The answers to some problems are found at the back of the book. The answers to the remaining problems are found in the *Study Guide*.

COURSE HELP: Please email me at any time to schedule an appointment (use Biochemistry in the subject field). Review sessions are scheduled each week on Thursdays at 4:00 p.m. (location TBD).

WEEKLY ASSIGNMENTS
(Chapters are shown for each day)

<u>WEEK OF:</u>	<u>MON</u>	<u>TUE</u>	<u>WED</u>	<u>THR</u>	<u>FRI</u>
