2. Curriculum Review Updates

- FAS have finished working on the principles. A deleted principle has been reinstated with revised wording and one principle has been added: "Provide an active learning experience outside the student's areas of expertise."
- Teresa Longo and Lily Panoussi gave an update from the Proficiencies/Additional Departmental Credits working group. Discussion centered on the additional departmental courses and the possibility of broadening the domain language for these courses to allow a place for every course to find a home within one or more of the domains.

The meeting was adjourned at 1:10pm.
