*In attendance:* Elizabeth Harbron (chair), Tuska Benes, Susan Bosworth, Katie Brownfiel, Michael Deschenes, John Donahue, Jonathan Glasser, Jackie Keshner, Brian Kreydatus, Tom Linneman, Sallie Marchello, Cory Springer.

- Presentation by ROTC about its Cultural Understanding and Leadership Program (CULP), to see if it qualifies as COLL 300 course. After the presentation, there was a discussion, and at its end it was concluded that as a new course (MSLC 300) it could satisfy COLL 300 and gain 3 academic credits. This, without changing the current 12 credit limit of military science courses that count towards the 120 needed to graduate. It was also decided that this would be a 1 year trial period at end of which, a re-evaluation would occur.
- Minutes for meeting of 4/12/19 were approved.
- Proposals on the consent calendar were approved.
- Proposal for INTR 494 to be approved as COLL 400 was approved.
- Proposed change to KINE 498 was approved.
- The new curriculum for the Dept of Health Sciences was approved.
- Recommended language to be included on COLL 400 syllabi approved with understanding that individual faculty members may add to this as they see fit.
