

**EPC Meeting Minutes
February 25, 2022**

In attendance: Candice Benjes-Small, Annie Blazer, Ben Boone, Magali Compan, Jim Deverick, Josh Erlich, Brennan Harris, Matt Haug, Denise Ridley-Johnston, Sallie Marchello, Christy Porter, Cory Springer, Kristin Wustholz (chair).

1. Approval of the February 18, 2022 Minutes

The minutes were approved by unanimous consent.

2. Other proposals

Curriculum & Instruction (C&I) – BAEd in Elementary Education

Curriculum change

- The course was approved by unanimous consent

Ben Boone indicate he will be working on language changes being requested from SCHEV which would include correct use of terms like programs and majors. He asked if EPC needs to see and approve each instance, see only a slate of changes or not be involved. There was general consensus that for minor language changes EPC did not need to be involved but Ben will go ahead and report what changes do get made in case EPC would like to comment.

DANC THEA – 350 – Introduction to Physical Theatre

Arts Proficiency

- There was discussion around the sustainability attribute. Cory indicated later in the meeting that this course had previously been approved with that attribute. General agreement that EPC take time in the future to consider whether course attributes that are not degree requirements be approved by EPC or be a part of the Curriculog form.
- There was also discussion about revisiting all courses numbered 350 as this may create confusion with the COLL curriculum.
- The course with the Arts Proficiency was approved by unanimous consent.

DANC THEA – 350 – Introduction to Physical Theatre

COLL200

- The course was tabled until next time. Kristin Wustholz will communicate with the instructor to clarify or provide more justification for the inclusion of the CSI domain. A suggestion will also be made to include the COLL200 language in the course syllabus and perhaps indicate readings, etc. that support the CSI domain.

The meeting adjourned at 11:50 am.
