3. Other proposals

Requests for EPC to consider two urgent proposals on behalf of DC and the Reves Center - in the interest of enabling students to register. Prof. Dana Lashley would like to teach CHEM 361 - Global Infectious Diseases in two different modalities. Once as a 2023 Winter Geneva Study Abroad course (delinking) and the other in Spring DC Semester program (COLL 300 + delinking).

Action: Wustholz will review syllabi when they come in and share with EPC over email. EPC members are invited to share feedback within a 72-hour window so we can expedite these decisions. (Both proposals were later approved via email.)
