

SUMMARY OF FAC MEETING ON OCTOBER 9, 2012

- Discussion on curriculum review with committee chairs Teresa Longo and Michael Lewis. FAC decided to allot 10 minutes of every FAC meeting this year for discussion on this item, provided that there is no other pressing business and that the committee chairs find it necessary.
- Discussion on the possible Dean's Advisory Committee for Eminent Scholars, Professorships, and Awards. Bill agreed to follow up on questions the FAC had regarding the data we were given on the topic, so that FAC can move forward on the proposal.
- Discussion on how professional NTE faculty fit into A&S. Greg agreed to draft a proposal that would be circulated among the FAC members and the Dean before being sent on to the NTE committee.
- Discussion of possible agenda items for future meetings.
