

FAC NOTES, 1/28/14

1. Reviewed and revised the agenda for the 2/4 FAS meeting.
2. Reviewed and prioritized FAC agenda items for the spring semester.
3. Discussed potentially negative impacts to junior faculty tenure portfolios if they choose to teach COLL100 or COLL200 in the new curriculum. The concern is the time and effort required to design and teach these courses, which will likely be more challenging than "traditional" courses.
4. Discussed and outlined the procedure for FAC nominations to the Nominations and Elections committee this spring.
5. Discussed the need to have the FAS elected committee form ready for the April FAS meeting.
