

## 2021 Fellowship Application

### Applicant Information:

Applicant Name: \_\_\_\_\_

Applicant Email: \_\_\_\_\_

Applicant Phone: \_\_\_\_\_

University or College: \_\_\_\_\_

Department or Field of Study: \_\_\_\_\_

Program (eg. MS, PhD, postdoc): \_\_\_\_\_

Year in program: \_\_\_\_\_

### Additional Attachments:

- 1) **Resume or CV**, 3 page maximum.
- 2) **Recommendations:** Please provide contact information (name, email, phone number) for 2 professional references. These can be from academia, industry, or other professional experiences and may be past or present references.
- 3) **Advisor Letter of Support:** Using the attached template, the applicant's faculty advisor should sign the letter of support for the applicant's participation in the COVES Fellowship.
- 4) **Personal Statement:** In 1 page or less, please address the following points:
  - Why are you interested in state-level science policy?
  - How do you hope the COVES Fellowship will contribute to your career goals?
  - What unique skills and experiences would you bring to COVES?
  - Any additional points you would like the selection committee to consider.
- 5) **Science Policy in Virginia:** In 1 page or less, please write a summary of a science policy issue of your choice and the implications for the Commonwealth of Virginia. This should be written for a non-technical audience, such as an informed citizen or policy maker.
- 6) **Diversity Statement:** In 250 words or less, describe how your identity influences your interest in science policy.

### *\*W&M application submission instructions:*

**Application due by email to [sgglos@wm.edu](mailto:sgglos@wm.edu) by no later than 4 p.m, Friday, February 26, 2021.** W&M student applications will be reviewed and no more than three will be forwarded on to the COVES Steering Committee for final selection. Contact [sgglos@wm.edu](mailto:sgglos@wm.edu) with questions.

**Advisor Letter of Support for the  
Commonwealth of Virginia Engineering and Science (COVES) Policy Fellowship**  
*Hosted by the Virginia Academy of Sciences, Engineering, and Medicine*

**Applicant Name:** \_\_\_\_\_

**Program Summary:** The Commonwealth of Virginia Engineering and Science (COVES) Policy Fellowship is a 12-week fellowship program of the Virginia Academy of Science, Engineering and Medicine (VASEM). The goal of the COVES Fellowship program is to strengthen ties between the scientific community and state government in the Commonwealth of Virginia, while encouraging and equipping early career scientists and engineers to enter public service. Graduate student and postdoctoral Fellows will serve as science advisors in legislative offices, executive agencies, or prominent companies and nonprofits in the state of Virginia where they will gain experience in the creation and translation of state policies related to science and engineering.

**The Virginia Academy of Science, Engineering & Medicine (VASEM):** VASEM is a resource for independent expertise to inform and assist with science and technology policy matters facing Virginia. VASEM is comprised of elected members of one of the National Academies of Science, Engineering and Medicine and other key individuals that reside and work throughout Virginia. Its nonpartisan network of experts provides rigorous analytical and scientific support to inform policy decisions that are critical to the future of the Commonwealth.

**COVES Graduate Policy Fellowship:** The COVES Fellowship is a 12-week program that places Fellows in a legislative office, executive agency, or policy office in a company or nonprofit in Virginia. COVES Fellows will be current graduate students or postdoctoral researchers from universities across the Commonwealth of Virginia, selected based on career interests, desire to learn, and scientific integrity. Fellows will be matched to host offices based on mutual interest and placement availability. Prior to the Fellowship, Fellows will attend science communication training and orientation that will provide an introduction to governance and policy-making in the Commonwealth. In addition to their work in policy offices, COVES Fellows will be paired with a mentor from VASEM and will participate in VASEM briefings, committee meetings, and the annual summit.

**Fellowship Commitment:** The COVES Fellowship is a full time commitment that requires Fellows to work in offices outside their institution. Fellows' actual schedule and duties will be determined by the Host Office, and Fellows should not have significant obligations to their lab or institution during their time in the Fellowship (May - August 2021). A stipend is provided to cover Fellows' living expenses during their Fellowship in an effort to offset costs associated with this level of training.

---

As the Applicant's advisor, I agree to the terms of the COVES Fellowship listed above.
