

Orders of Succession – A&S Dean’s Office Administration & Finance (updated July 1, 2020)

Pre-identifying order of succession is critical to ensuring effective leadership during an emergency. In the event an incumbent is incapable or unavailable to fulfill their essential duties, successors have been identified to ensure there is no lapse in executive leadership. Authority shall return to the incumbent when the incumbent is capable of resuming essential duties or a permanent replacement has been chosen in accordance with agency policy.
