Course Description

Ever wondered how come things are the way they are, rather than as they are supposed to be? Some of these puzzlers will be explored. The two hour class is web based & will involve videos. From experience—a major foci of this class—we will only get to a portion of the agenda. That we don’t get to in our 120 minutes is available on-line to at http://www.drdsdomains.com/ Once there, click on top right tab, on Courses Offered, on Wacky Ways.
