

## **America's Weapon Systems**

To view and/or download a course brief select the link below, or if that does not work simply copy the link address below, paste it into your browser's search box, and hit return. To download a brief, simply select the download icon in the upper right corner of your screen, or select the "more" icon (...) in the right edge column and then select Download. The brief you are viewing will be downloaded into your download folder. If the brief doesn't automatically open, select the Open box and use "Power Point of the Web" option.
