RELEVANT EXPERIENCE

William & Mary Research Lab

Research Assistant

Williamsburg, Virginia

January 20XX - Present

- Developed comprehensive study of adjacent land use and watershed dynamics of the Chickahominy river
- Compiled land use data for 50+ sites spanning 200 acres using GPS mapping, improving accuracy of regional GIS datasets
- Drafted policy change proposal and presented findings to James City County Parks and Recreation Advisory Committee

Student Conservation Association, Shenandoah National Park

Fisheries Management Intern

Waynesboro, Virginia

May 20XX - August 20XX

- Assisted in electroshock backpack fishing to monitor brook trout and other fish populations
- Handled, counted, measured, and weighed fish, averaging approximately 25 per day
- Operated clinometer, flowmeter, and Hydrolab for habitat analysis
- Educated park volunteers and visitors in understanding fisheries management objectives

Eastern Shore Soil and Water Conservation District

Volunteer

Mechanicsville, Virginia

June 20XX - August 20XX

- Co-taught adult and family education programs on natural resource stewardship, reaching 200+ participants over one semester
- Participated on clean-up and recycling teams; recruited two additional members
- Staffed courtesy tents for water trail events, festival booths, and children's hands-on activities stations

LEADERSHIP EXPERIENCE

Students for University Advancement

Member

William & Mary

September 20XX - Present

- Served as a liaison between William & Mary alumni and current students; hosted alumni association events and promoted benefits of active alumni status to current students
- Facilitated event logistics and guest check-in for a Connecticut alumni gathering of 350 participants

Student Red Cross

Publicity Chair

William & Mary

September 20XX - May 20XX

- Led outreach and marketing efforts for blood drive events, boosting participation by 20% from previous year
