

# RESUME CHECKLIST

wm.edu/career

## Format

- ☐ One page in length for internships and entry-level positions
- ☐ Optimal font is something easy to read by a variety of readers (e.g., Times New Roman, Arial, or Calibri)
- ☐ Use no more than 3 font **sizes**; minimum font size is 10, maximum is 14 (for headers)
- ☐ Consistency is key:
  - Spacing and margins should be consistent throughout; .5" - minimum margins on all sides
  - Entries within sections should be formatted consistently. Check commas, dashes, etc.
- ☐ Use italics, bolding, and underlining intentionally to visually organize information
- ☐ All sections/categories should be clearly labeled and should include "Experience" in the title where appropriate
- ☐ Within each section, information is listed in reverse chronological order (most recent experience first)
- ☐ Keep in mind: Recruiters will typically take 6 seconds or less to skim your resume when first reviewing all applicants
- ☐ Save as a PDF file with first and last name included in the file name

## Resume Sections

- ☐ Name & Contact Information: This should be at the top of your resume. Include your address (city & state), phone number, & email address (Use an email address you will check regularly)
- ☐ Education: This should be the first section of your resume
  - List the school as **William & Mary**
  - Include your degree type (i.e., Bachelor of Arts, Bachelor of Science, etc.)
  - Include major or double major, and any minors or concentrations after degree, separated by a comma or Major:
  - Dates – list the month and year that you will be graduating (if unsure, include anticipated or expected)
- ☐ Related Experience: Include experiences that are most relevant to the types of opportunities you are applying to
- ☐ Other Sections (all optional): Additional sections could include information that wasn't in your previous sections
  - This may include skills, research experience, volunteer experience, memberships or extracurricular experience, certifications, and/or leadership experience
- ☐ Sections not to include: A professional summary or an objective is typically not necessary in an undergraduate or new professionals' resume. If you wish to share references, those should be sent in a separate document or uploaded online
- ☐ You can include a SHORT Interests section – this section can be used to spark a conversation. Be specific and memorable

## Describe your Experience

- ☐ Include your position title, organization name, city/state, dates (month/year)
- ☐ Do not use complete sentences; be concise but detailed
- ☐ Avoid using pronouns (I, me, my, we, etc.)
- ☐ Use a strong skill-based active verb to begin each bullet point (see active verb list handout for over 200 verbs)
- ☐ Use past tense for active verbs, whether you've completed the experience or are still participating
- ☐ Avoid using "Responsible for" and "Duties included" as these are passive voice
- ☐ Focus on skills/accomplishments rather than tasks, highlighting what you achieved in the role or the impact you made
- ☐ Give results or intended purposes, quantify accomplishments using numbers, percents, and dollar amounts where possible

## Applicant Tracking Systems (ATS)

- ☐ 98% of Fortune 500 companies utilize an ATS to automate their hiring process
- ☐ One function of an ATS is resume screening, which determines if a live person will actually see a resume
- ☐ Some systems rank applicants based on how closely their resume matches the job description, some on keyword counts, while some have knockout questions
- ☐ Tailor your resume to the job or internship by using keywords that are found in the position description
- ☐ Do not use a resume template. ATSs may have a hard time reading it and it is much harder to customize
- ☐ Use long-form and acronyms for keywords (i.e., Search Engine Optimization (SEO))
- ☐ Update resume every 6 -12 months or as soon as you finish a position, while the experience is still fresh in your mind
- ☐ Have your resume proofread by at least one other person; Come to Quick Advising or schedule an appointment
