## Emergency Evacuation Plan

An emergency evacuation plan is required for all students living in university housing. In the unlikely event of an emergency evacuation, the university expects that students have already communicated with parents/guardians/parents their pre-determined plan.

**Off-campus students may also provide a plan. Please provide two locations, preferably in different cities. One location should be within reasonable driving distance of Williamsburg.**

This family member does not have a valid secret word.

You have authorized this person to receive information about your protected education record at William & Mary. In order for this person to call the university and speak on your behalf, they will have to confirm their identity over the phone by providing a passphrase (secret word).

By clicking the button below, an email will be sent to this parent/guardian/custodian member to the email address you entered on the family screen containing their unique secret word. If they forget this word, you can always send a new word from this screen. Please ask that they do not share this word with anyone. If you send a new word, their old word will no longer work. If you have questions regarding the Passphrase policy, please contact the Dean of Students Office, deansofstudents@wm.edu.
