

REQUEST FOR RELEASE OF STUDENT EDUCATION RECORD TO PARENT

Notes to Parents: At William and Mary, the student controls access to his or her own education record. Access to the education record of a dependent student (as defined by federal tax code) is available to parents through one of two approaches. The first, which the college prefers and recommends, is by the student's written release. Please encourage your student to sign a release in the Office of the Dean of Students. The second, without written release, requires the parent of a dependent student to request access to the education record under Virginia law by completing this form and providing proof of tax dependency. The student must be active at the College at the time of the request.

To request access as the parent of a dependent student, please complete this form, attaching a copy of your most recent U.S. federal tax return, and submit it to the Office of the University Registrar. Parents who have not filed a U.S. tax return are ineligible to request access to the student's record.

When this form is used to grant access, the college informs the student before providing the information to the parent. Response to the request will generally be completed as soon as practical, and within 45 days. A new form must be submitted for each information request.

If your inquiry is specific to financial aid, you may contact the Financial Aid Office directly without completing this form, if you have already provided your tax documentation to that office.
