Registration priorities – prioritize your selections

First is your highest priority selection, then second, third, etc.

Auto priority will rank the selection based on course demand. The more popular the course, the higher the priority PATH will automatically assign your selection

Important Notes:

- Co-requisite courses will be processed in the same round as long as you have added them to your primary cart. The highest priority assigned to a course in the co-requisite 'group' will be applied to the whole group
- If more than one course has the same priority assigned, PATH will use the auto function to evaluate which course to attempt first (*auto serves as a "tie breaker" in these situations*)

Registration Holds – resolve before carts close!

Holds display at the top of your cart. PATH will allow you to build a cart even if you have a hold, **but your course selections will not be processed if your hold is still active** when carts close.

Registration Errors – review your cart and resolve before carts close!

PATH displays registration errors in the cart. Resolve any issues before carts close, or remove the section from your cart and choose a different course

Cart: Primary (Spring 2024) Clear Cart

Registration is open for Fall 2024. Please populate your Primary Cart by 11:59 pm ET on March 7, 2024.

You have holds which prevent registration. Complete the Financial Responsibility Agreement to release the registration hold.
