CHARTERED 1693

TRANSFER PATHWAYS TO WILLIAM & MARY (2017-2018) LORD FAIRFAX COMMUNITY COLLEGE (LFCC)

William & Mary (W&M) welcomes applications from Lord Fairfax Community College (LFCC) students. W&M encourages students to participate in the Guaranteed Admission Agreement (GAA) that W&M has established with the Virginia Community College System (VCCS). LFCC students who complete a transfer-oriented Associates degree, with a minimum GPA of 3.6, with no grades below a C in all transferable courses, a B or better in courses that satisfy College Curriculum (COLL) Domain and Proficiency courses, and have earned a minimum of 45 credit hours of the total required for the transfer-oriented associate degree at a VCCS institution following graduation from high school, are guaranteed general admission to W&M.

Admission into the Mason School of Business at W&M is **NOT** guaranteed by the GAA.

More information about our transfer agreements, including the Guaranteed Admission Agreement, is located at: http://www.wm.edu/admission/undergraduateadmission/how-to-apply/transfers/vccs_students/guaranteed_admission/vccsagreement/index.php Students interested in pursuing admission through the GAA must sign and submit a “Letter of Intent to Transfer to W&M” upon the completion of a minimum of 15 credit hours of post-high school coursework with minimum 3.4 GPA at a VCCS institution (not via transfer credit) and at least one year prior to their desired matriculation date at W&M. http://williamandmary.force.com/Events/TargetX_Eventsb_formpage?formid=217748

By carefully selecting an appropriate degree program at LFCC and completing certain required courses for that degree program, students can fulfill the introductory-level requirements of the first one or two years for most baccalaureate degree programs at W&M.

The following pages provide specific course recommendations for students enrolled in those degree programs that correspond to the LFCC curricular requirements for those degrees. Students should **always** select courses after consulting with an advisor at LFCC. It is recommended for *all* transfer students to complete the requirements for W&M’s foreign language proficiency. The foreign language proficiency may be met through four years of a language in high school, or completion of a college language course at the 202 level.

1. Associate of Arts and Sciences: Business Administration

This pathway is appropriate for prospective W&M majors in Accounting, Business Analytics with Data Science, Finance, and Marketing.

Pathway for International Relations – Bachelor of Arts
Associate of Arts and Sciences: Liberal Arts
Lord Fairfax Community College

<https://lfcc.edu/areas-of-study/college-transfer-associate-of-arts-and-sciences-degrees/liberal-arts/>

The international relations major requires courses taken from a variety of disciplines, including history, government, economics, anthropology and sociology. Additionally, the IR major requires intermediate proficiency in a modern language other than the native language of the student. This can be met in two ways:

- Continuation of the modern foreign language used to meet the Foreign Language Proficiency to three courses above the level of 202.
- Starting a second modern language in addition to the modern language used to meet the Foreign Language Proficiency. The student must achieve the 202 level in both of the languages, and one course over the 202 level in one of the languages.
