This application should be completed and turned into Professor Green's mailbox, located in the Morton Hall, Rm. 128. Please contact Prof. Green at avgreen@wm.edu or 757-221-2616 for further information.

Africana House is a living and learning community that promotes awareness of and explores the scholarship on the history, cultural traditions, political, and economic circumstances that together define over 1.2 billion people of African descent. This community (limited to 23 students) is intended to broaden the learning experience at W&M beyond the traditional classroom, while providing a smaller village-like setting within the larger university in which students live and work together. Each year, Africana House will offer a theme to be pursued throughout the year and students will actively work and participate in programming that supports the selected theme. Programming is student developed and student led with Africana Studies faculty support. Students will have a $1000 budget to use toward programming and activities. Each semester, students will work towards a final project or event that can be shared with the W&M community. All residents of the A-house are required to register for a 1-credit pass/fail course, participate in 2 out of 3 monthly activities, and contribute to the semester long project.

Africana House will have an open house on TBD. Applications are due on 1-February by 5:00 to Prof. Green.
