About the Post
The Programming Post is the PRC’s monthly newsletter. It exists to give you helpful hints and ideas for activities and events you can hold for your residents, as well as news from the PRC!

Resource of the Month: Comment Box
Have you ever been to the PRC and had a suggestion about how something should change or a comment on your overall experience? If you have, we have just the thing for you! On the craft table there are evaluation cards—fill one out and put it in our silver comment box back by the copier. We would love to know what you think!
