New Investigator Program, Virginia Space Grant Consortium (VSGC), deadline: 1/30/18; please see attached RFP.

Partnerships for Innovation, NSF, internal competition deadline: 1/3/18, 4:00 pm; http://www.wm.edu/offices/sponsoredprograms/announcements/nsf-partnerships-for-innovation.php.

New Proposal & Award Policy & Procedures Guide (PAPPG) must be used for 1) NSF proposals submitted on or due after January 29, 2018 and 2) and awards issued on or after January 29, 2018. https://www.nsf.gov/pubs/policydocs/pappg18_1/index.jsp
NSF is also offering a PowerPoint presentation for a recent webinar about upcoming changes: https://nsfgrantsconferences.com/resource-center/#webcasts.

W&M Green Fee Fund, Office of Sustainability, deadline: Spring 2018, February 27; http://www.wm.edu/sites/sustainability/committeonsustainability/greenfee/index.php:
The Green Fee is intended solely for purposes that advance W&M's interests in sustainability relating to its general operations and the university's tri-partite missions of teaching, research and public service. Proposals are accepted from all students, faculty and staff.

The Green to Gold Fund (GGF) is a green revolving fund established in 2016 to reduce William and Mary's impact on the environment and to improve efficiency in ways that create measurable returns on investment. Additionally, the GGF will provide educational opportunities for students and demonstrate W&M's commitment to sustainability.

Faculty International Conference Travel Grants, rolling deadline; http://www.wm.edu/offices/revescenter/funding/facultyfunding/conferencegrants/index.php:
The Reves Center for International Studies offers grants of up to $500 for W&M faculty who are presenting papers at international conferences or presenting papers on international, global, or trans-national topics at conferences in the U.S.
Community of Scholars Fund, no deadline; http://www.wm.edu/as/charlescenter/scholars/communityfund/index.php: Mini-grants from the Community of Scholars Fund are available to faculty, staff, and students to encourage intellectual interaction between faculty and students outside the classroom. Possible uses for this funding include book or film discussion groups; or trips to lectures, museums, performances, laboratories, or field sites, including associated travel and/or meal expenses.

Distinguished Lectures in International Studies, rolling deadline, http://www.wm.edu/offices/revescenter/funding/facultyfunding/lectures/index.php: The Reves Center for International Studies is pleased to help support internationally-focused public lectures and performances. Funding is available to William & Mary faculty who wish to host distinguished scholars, artists, and practitioners whose public events and visits will contribute to international education at the university.

Grants for On-Campus Conferences on International Topics, rolling deadline; http://www.wm.edu/offices/revescenter/funding/facultyfunding/oncampus/index.php: Funding is available to support William & Mary faculty who are hosting on-campus professional conferences that will contribute to international education at the College. Proposals making use of the university's Washington, D.C. Office are also welcome.

COLL Innovation Grants for Faculty: Open Proposals, deadline: new proposals accepted after 7/1/17; http://www.wm.edu/as/center-liberal-arts/coll-innovation-grants/index.php: The Center For Liberal Arts is pleased to solicit proposals from faculty seeking financial support to pursue an on or off-campus activity relevant to the COLL curriculum. For the academic year 2017-18, the CLA will prioritize innovation grants that enhance on-campus COLL 300 courses and COLL 400 courses.

Public Scholar Program, NEH, deadline: 2/7/18; https://www.neh.gov/grants/research/public-scholar-program.

Rubenstein Library Grants and Fellowships, Duke University, deadline: 1/31/18; https://library.duke.edu/rubenstein/research/grants-and-fellowships/:
*Currently, travel grants are available for the following research centers: Sallie Bingham Center for Women's History and Culture; John Hope Franklin Research Center for African and African American History and Culture; John W. Hartman Center for Sales, Advertising & Marketing History; History of Medicine.
*Fellowships: The Eleanore and Harold Jantz Fellowship in German Studies; Research Fellowships in Jewish Studies and Hebrew Bible.

**Prix Ars Electronica Prize 2018 (media arts competition)**, ARS Electronica, deadline: 3/2/18; [https://www.aec.at/prix/en/](https://www.aec.at/prix/en/).

**Dean’s Fellowship in the History of Home Economics**, College of Human Ecology, Cornell University, deadline: 3/2/18; [https://www.human.cornell.edu/research/deansfellowship/home](https://www.human.cornell.edu/research/deansfellowship/home).

**Research and Research Training Grant Programs**, Institute of Education Services (IES), deadlines: LOI 1/11/18; application 3/1/18; [https://ies.ed.gov/funding/futureComp.asp](https://ies.ed.gov/funding/futureComp.asp):
*Low-cost, short-duration evaluation of education interventions; Low-cost, short-duration evaluation of special education interventions.*
Higher Education Scholarships (HES) Program, Lebanon USAID-Beirut, deadline: 2/2/18; 

USAID HARMONI - Towards Inclusion and Resilience, Indonesia USAID-Jakarta, deadline: 1/31/18; 

Cyberlearning for Work at the Human-Technology Frontier, NSF, deadline: 1/8/18; 

Scalable Parallelism in the Extreme (SPX), NSF, deadline: 1/9/18; 

New Informatics Tools and Methods to Enhance U.S. Cancer Surveillance Research (UG3/UH3), NIH, deadlines: LOI 30 days prior to application due date; next deadline 4/16/18; 

*institutions of higher education may be a collaborator.

Promoting Research in Basic Neuroscience (R01), NIH, standard deadlines: NEW February 5, June 5, October 5; RENEWAL/RESUBMISSION/REVISION March 5, July 5, November 5; 

Computational Mathematics, NSF, proposal window: 11/16/18-12/3/18; 

Department of Defense (DoD) Defense Enterprise Science Initiative (DESI), AFOSR, deadline: 2/28/18; 

Innovation Corps - National Innovation Network Teams Program (I-CorpsTM Teams), NSF, deadline: proposals accepted anytime with an I-Corps Cognizant Program Officer’s invitation; 

**Cooperative Ecosystem Studies Unit, Piedmont-South Atlantic Coast (CESU)**, USGS, deadline: 1/5/18; https://www.grants.gov/web/grants/view-opportunity.html?oppId=299418.

**Switzer Research Fellowships Program**, Administration for Community Living, HHS, deadline: 2/12/18; https://www.acl.gov/grants/switzer-research-fellowships-program.

**Cultivating Cultures for Ethical STEM (CCE STEM)**, NSF, deadline: 2/15/18; https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505027

*only one proposal may be submitted by an eligible institution – if you are interested in applying, please contact wosp@wm.edu – an internal competition may be required.

**Time-Sensitive Obesity Policy and Program Evaluation (R01)**, NIH, deadlines: LOI 30 days prior to application due date; next deadline 1/1/18 – see full solicitation for complete list of deadlines; https://grants.nih.gov/grants/guide/pa-files/PAR-15-346.html.

**NIH Science Education Partnership Award (SEPA)(R25)**, NIH, deadlines: LOI 30 days prior to application due date; application 7/9/18; https://grants.nih.gov/grants/guide/pa-files/PAR-17-339.html.

Discovery Award, The Mobility Unlimited Challenge, Toyota Mobility Foundation, deadlines: Discovery Award, 2/7/18; Finalist, 8/15/18; https://mobilityunlimited.org/.

Social/Education Programs, Rising Tide Foundation, deadline: 1/5/18; https://proposalcentral.altum.com/GrantOpportunities.asp.

Marion Milligan Mason Award for Women in the Chemical Sciences, American Association for the Advancement of Science (AAAS), deadline: 3/1/18; https://masonaward.aaas.org/login/indexA.cfm.

2018 Joseph Altman Award in Developmental Neuroscience, the Japan Neuroscience Society, deadline: 1/31/18; http://www.jnss.org/awards/altman-award_en/.

Instrument Grant Program (materials characterization instruments), Micrometrics, deadline: rolling; http://www.micromeritics.com/Pressroom/Particle-Characterization-Instruments-Grants.aspx.

Toyota Young Investigator Fellowship, ECS, deadline: 1/31/18; http://www.electrochem.org/toyota-fellowship.

**Faculty Awards**, DAAD/German Academic Exchange Service, [https://www.daad.org/en/find-funding/faculty/](https://www.daad.org/en/find-funding/faculty/):
*research stays; summer seminar in German Studies; conference funding; short-term lectureship; visiting professorship; science tour; group study visit; RISE worldwide; learn German in Germany.*

**The Albert Schweitzer Fellowship** (health-related community service and leadership development), deadline: 2/1/18; [http://www.schweitzerfellowship.org/chapters/la/application-information/](http://www.schweitzerfellowship.org/chapters/la/application-information/).

**Women in Science fellowship program**, L'Oreal USA, deadline: 2/2/18; [http://www.lorealusa.com/csr-commitments/l%2E2%80%99or%C3%A9al-usa-for-women-in-science-program](http://www.lorealusa.com/csr-commitments/l%2E2%80%99or%C3%A9al-usa-for-women-in-science-program).

Virginia Space Grant Consortium

New Investigator Program
Request for Proposals

Proposals Due: January 30, 2018

Award Period: June 1, 2018 – April 9, 2019

Note: We anticipate that awards may be extended until the end of the spring semester.
Summary
The New Investigator Program is designed to strengthen Virginia’s research infrastructure by providing startup funding to Virginia Space Grant university personnel who are conducting research that is directly aligned with NASA’s mission. NASA’s research interests embrace a wide range of science, engineering, computational and other disciplines. This opportunity is available to those who have yet to become established researchers. **Awardees must be tenure track faculty who are within the first five years of their academic careers and they must be U.S. citizens.** Faculty may propose research within the full range of NASA’s missions and activities.

Background
The Virginia Space Grant Consortium (VSGC), established in 1989, is an active member of the NASA National Space Grant College and Fellowship Program. VSGC has five university members: **College of William and Mary; Hampton University; Old Dominion University; University of Virginia and Virginia Tech.** NASA members include: NASA Langley Research Center and NASA Wallops Flight Facility. State agency members are: **Virginia Department of Education; State Council of Higher Education for Virginia; Virginia Community College System; Science Museum of Virginia and Center for Innovative Technology.** Other members are: **Math Science Innovation Center of Richmond and the Virginia Air and Space Center in Hampton.** The Consortium seeks to promote science, technology, engineering and mathematics (STEM) education, research and workforce development in the Commonwealth through faculty and student programs; scholarships, fellowships, and internships; teacher professional development programs; public programs and programs to build university research infrastructure.

I. Project Overview and Guidelines

A. Award Range
Virginia Space Grant Consortium anticipates making five awards with the maximum individual award of up to $10,000, pending anticipated NASA funding. Proposing institutions are required to provide 1:1 non-federal cost matching. In other words, if $10,000 is requested from Virginia Space Grant Consortium, then $10,000 must be provided as match. Note that indirect costs may not be charged for this award; however, they may be included as unrecovered IDC costs as part of the match requirement.

B. Eligibility
The competition is open to tenure track faculty at Virginia Space Grant Consortium university member institutions: Virginia Tech; University of Virginia; Old Dominion University; Hampton University; and College of William and Mary. **Awardees must be in the first five years of their academic career.** Individuals must be qualified to serve as a principal investigator at their respective institution and be a U.S. citizen. Any student supported with award funds must also be a U.S. citizen. Virginia Space Grant Consortium encourages proposals from females, members of underrepresented minority groups, and persons with disabilities. Submission is limited to one proposal per
in investigator; an investigator may receive only one Virginia Space Grant Consortium New Investigator Program award in her/his academic career.

II. Proposal Content

A. Title Page (1 page)
The cover page must include the following items: project title; period of performance June 1, 2018 – April 9, 2019; PI name; institution; address; phone; fax; and email. We must make the award for this performance period because of our funding source but anticipate that we will likely be able to extend through the end of the spring 2019 semester. A brief description of the proposed research initiative and concurrence signatures from the Principal Investigator and the Authorizing Official of the proposing institution and the program name (Virginia Space Grant Consortium New Investigator Program) must also be included.

B. Project Description (5 pages maximum)
The PI is expected to use these discretionary funds to further establish his/her professional career through new research or expansion of existing research. Examples of things to consider include: support for graduate or undergraduate students; publication costs; travel funds to establish collaborative relationships with NASA/industry researchers; regional/national travel costs to conferences and meetings; summer salary support; and/or disposable research materials (not an all-inclusive list). Funds may not be used to purchase equipment. This section of the proposal should include the following:
- Detailed description of the proposed research;
- Relevance of proposed research to NASA’s Mission;
- Number of students supported through research efforts;
- Description of how funding will impact investigator’s career; and
- Description of past projects or student funding supported by Virginia Space Grant Consortium (if applicable).

C. Vita (2 pages)
Include a vita for the proposed Principal Investigator of no more than two pages.

D. Support Letters (2 letters)
Include a letter of support and commitment from each of the following:
1) Research colleague - this letter should emphasize the importance of the proposed research to the field, as well as the ability of the PI to conduct research.
2) Department Head or Research Center/Laboratory Director – this letter should outline the importance of the proposed research to the department and the direction of the university.

E. Budget and Budget Narrative (2 pages)
Provide a detailed budget using the format outlined in Appendix A along with a budget narrative. Each budget should include expense summaries as well as the 1:1 non-federal cost match requirement. Specific budget details are noted below:
• Direct salary expenses for PI and students should be separated by titles or disciplines with hours or percentage of effort, and total amounts for each position. All individuals, including students, supported with Virginia Space Grant Consortium funds must be U.S. citizens.
• Proposed travel should include the number of trips, destination, duration, etc. International travel is not allowed.
• Facilities and administrative indirect costs. Unrecovered facilities and administrative costs may be used for required cost matching. The detailed budget must include a description of the required 1:1 (100%) non-federal matching funds.
• The NASA Grant and Cooperative Agreement Handbook, Sections A and B, located at http://ec.msfc.nasa.gov/hq/grcover.htm, provides additional information on uniform administrative requirements for grants and cooperative agreements with institutions of higher education.

F. Current and Pending Support
Identify current and pending support of the Principal Investigator, including: source of support; project title; amount of award; period covered by award; months or percent of time committed by the investigator during the award period; and location of research.

III. Proposal Format

The following guidelines and restrictions apply to all proposals. Proposals not meeting these requirements may not be considered.
• Proposals should be one-sided, single-spaced on standard 8 ½ x 11 paper, no smaller than 12-point font and with no less than one-inch margins throughout. Illustrations, tables, charts, exhibits, etc. should not contain less than 10 point font text.
• All pages must be numbered sequentially.
• Proposals should contain only appendices and attachments specifically called for.
• All information you wish for reviewers to consider should be included in your proposal. It is not acceptable to refer reviewers to websites or other external sources for additional information or as evidence for your narrative. Additional appendices and attachments are not allowed.
IV. Proposal Submission

The proposal should be submitted electronically by January 30, 2018. Email one complete PDF file to tsanford@odu.edu. The PDF file must contain all required signatures. Questions concerning the proposal submission should be directed to Dr. Tysha Sanford, STEM Education Program Specialist, tsanford@odu.edu.

Questions concerning alignment with NASA research interests should be addressed to Mary Sandy, VSGC Director, msandy@odu.edu. The Consortium’s phone number is 757-766-5210.

V. Proposal Review and Evaluation

Proposals will be reviewed by a panel of individuals who are scientifically literate, but not necessarily experts, in the proposed field of research. Proposals will be grouped into “research areas” based on information provided by the PI during proposal submission.

Parameters have been established by the Virginia Space Grant Consortium for evaluation in the following major areas:
- Research plan (30%);
- Alignment of research to NASA’s Mission (30%);
- Budget alignment to research plan (15%);
- Professional letter of support from research colleague; commitment by PI’s institution to the investigator and the proposed research as indicated by the letter of support from the university and/or cost matching (15%);
- Compelling case for the need for this support to further the investigator’s research career (10%).

VI. Reporting Requirements

Final Report

A final report is due July 1, 2019. This report must contain the following:
1) Executive summary of the project that is suitable for publication. The executive summary should be no more than 250 words.
2) Statement on how funding assisted the investigator.
3) List of papers submitted for publication during the period of this award. Include title, publication, date of publication, author list, and a copy of the paper.
4) List of all presentations delivered during the period of this award. Include presentation title, location, date, and a copy of the presentation.
5) List of all conferences attended during the period of this award. Include conference title, location, dates, and if investigator presented.
6) List of all proposals submitted during the period of this award. Include proposal title, announcement of opportunity title, name of sponsor, proposal due date, role of investigator, and funding status.
7) List of all patents that were applied for and/or approved during the period of this award.
8) List of pending and actual support for investigator. Include source, PI, % time, and role of investigator.
9) Budget summary that details all project expenditures and includes a comparison of the proposed budget to actual expenditures for all budgeted categories.
10) Signed statement of cost sharing from PI’s Office of Sponsored Programs.

VII. Other Requirements

A. Acknowledgment of Support
An acknowledgment of Virginia Space Grant Consortium support (logo and written) must appear in all publications of any material based on this funding in the following terms: "Supported by the Virginia Space Grant Consortium." The VSGC logo can be downloaded from www.vsgc.odu.edu.

B. Post Award Reporting Requirements
Awardees may be asked to present a seminar on their research activities to another Space Grant University and/or NASA Center.

C. Audit and Records
Financial records, supporting documents, statistical records, and other material pertinent to this grant shall be retained by the grantee for a period of at least three years after the final payment following submission of the final project report and shall be made available to Virginia Space Grant Consortium, the Old Dominion University Research Foundation and/or NASA upon request.

D. Payment
Funding will be provided at the time of the award and will be issued through the Old Dominion University Research Foundation (ODURF) to the Office of Sponsored Programs at awardee institution. All funds must be expended by April 9, 2019. We must make the award for this performance period because of our funding source but anticipate that we will likely be able to extend through the end of the spring 2019 semester. A full accounting of funds, including required match, must be included with the final report to VSGC and ODURF no later than July 1, 2019.

E. Notification of Absence
Virginia Space Grant Consortium shall be notified prior to the Principal Investigator’s absence from campus for a period of four months or more. Prolonged absences from the campus for non-project related purposes are subject to Virginia Space Grant Consortium review.

F. Transfer of Awards
If the principal investigator leaves the grantee institution or otherwise relinquishes
active direction of the project, the institution must notify VSGC as soon as possible and the award will be terminated. Awards may not be transferred if the PI leaves the grantee institution to another institution that is not an active academic member of the Virginia Space Grant Consortium.

G. Suspension or Termination
This grant may be suspended or terminated if the grantee fails to comply with all the terms and conditions of the grant.

H. Nondiscrimination
No person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination under this grant on grounds of race, color, national origin, religious affiliation, physical disability, gender, or sexual orientation.

I. Compliance with Regulations
The investigator must abide by all state and federal regulations related to research.

IX. Supplemental Information – Virginia Space Grant Consortium Guiding Documents
The following should be considered guiding documents for understanding the scope of NASA’s research interests:

NASA Aeronautics Strategic Implementation:

NASA’s link to Earth Science Decadal Study:
http://nasascience.nasa.gov/earth-science/decadal-surveys

NASA’s Vision for Space Exploration:
http://www.nasa.gov/exploration/home/index.html

Mission Directorate Links of Interest (Can also be reached at www.nasa.gov):

- **Space Technology** - Develop the crosscutting, advanced and pioneering new technologies needed for current and future missions, benefiting the aerospace industry and other agencies, and addressing national needs.
- **Aeronautics Research** - Enable a safer, more secure, efficient, and environmentally friendly air transportation system.
- **Human Exploration & Operations Mission Directorate** - Operate the International Space Station and prepare for human exploration beyond low Earth orbit.
- **Science** - Exploring the Earth-Sun system, our own solar system, and the universe beyond.
X. Point of Contact

Questions regarding this announcement should be directed to:
Dr. Tysha Sanford, STEM Education Program Specialist, tsanford@odu.edu, (757) 766-5210.
Questions concerning alignment with NASA research interests should be addressed to:
Mary Sandy, VSGC Director, msandy@odu.edu.
The Consortium’s phone number is 757-766-5210.
