

IBC (Hazard Safety)

The Institutional Biosafety Committee (IBC) training is required by all personnel involved in research with **biohazards** *before* the commencement of research.

I. Required Training for Research with Biohazardous Materials:

Personnel Type	CITI Course List
Researchers (student, staff, faculty)	<ul style="list-style-type: none">• Training for Investigators, Staff and Students Handling Biohazards - IBC• Any of the following courses (if applicable)<ul style="list-style-type: none">○ Animal Biosafety - IBC○ Recombinant or Synthetic Nucleic Acid Molecules○ Human Gene Transfer Trials○ OSHA Bloodborne Pathogens - IBC○ Select Agents, Biosecurity and Bioterrorism - IBC/Safety○ Shipping and Transport of Regulated Biological Materials - IBC/Safety○ USDA Permits○ Nanotechnology
IACUC Committee Member	Institutional Biosafety Committee Member Course - IBC
IACUC Chair	IBC Chairs

II. Registering for CITI IBC Courses

1. Log into [CITI](#) or [create an account](#)
2. Take the enrollment questionnaire using the “Enrollment Questionnaire” responses below.

- **Select “IBC/Biosafety”**

Please select ALL applicable trainings that need to be added to your account. For more information, please visit the [W&M Training Webpage](#).

Choose all that apply.

- ☐ IRB/Human Subject Research
- ☐ IACUC/Animal Subjects
- ☒ IBC/Biosafety
- ☐ Conflicts of Interest
- ☐ Responsible Conduct of Research
- ☐ Export Controls
- ☐ Research Security Training
- ☐ Administrative Use Only

- **Select all the choices that apply to your role.**

- **IBC Chair**
- **IBC Committee Member**
 - Includes all members of IBC - chairs, non-affiliated members, etc.
- **IBC Investigator**
 - Includes ALL IBC Investigators, staff, and students
- **IBC Officer or Environmental Health and Safety Professional**
 - Course is only for the EH&S Director or professional serving on the IBC board

- **Select all the courses that apply to your research.**

- Animal Biosafety
- Recombinant or Synthetic Nucleic Acid Molecules
- Human Gene Transfer Trials
- OSHA Bloodborne Pathogens
- [Select Agents](#), Biosecurity and Bioterrorism
- Shipping and Transport of Regulated Biological Materials
- USDA Permits
- Nanotechnology

3. After answering the questionnaire, the courses will be added to your account.
