

Active Prospects list for Corporate & Foundation Relations – Clearance Required

Current as of June 28, 2018

This list includes organizations that the Corporate and Foundation Relations (CFR) office is in the process of approaching for institutional support. Some of these organizations do not allow multiple proposals from the same university. If you wish to contact one of these funders, we ask that you let us know ahead of time so that we can coordinate our efforts. We know many of these organizations well and may be able to provide advice on your proposal, working in collaboration with the Office of Sponsored Programs.
