Dear Student:

Congratulations on your acceptance to the College of William & Mary. We look forward to serving your health needs. To help us care for you, we need information about your health status. The Health Evaluation Form is comprised of 3 sections that are due June 1st for those students entering the fall semester and January 10th for those students entering the spring semester.

All full-time students, as well as any student eligible for services, are responsible for returning your health evaluation form to the Student Health Center (Code of Virginia 23-7.5). **This form will not be accepted if the physician completing and signing the form is a family member.**

Previously enrolled students, who are reentering as full-time students, after an absence from campus of greater than 2 years must update their health form to meet current standards. If the absence is greater than 6 years, the entire form requires resubmission.

For those seeking religious exemption, a Certificate of Religious Exemption (Form CRE-1) is the only form accepted.

Omission or misrepresentation of pertinent medical information is a violation of the honor system.

FAILURE TO COMPLETE THIS REQUIREMENT WILL RESULT IN A "HOLD" BEING APPLIED TO YOUR BANNER ACCOUNT AS WELL AS A LATE FEE OF \$100 ON AUGUST 31 FOR SUMMER/FALL ADMISSION OR ON FEBRUARY 28 FOR SPRING ADMISSION. ADDITIONALLY, NONURGENT SERVICES WILL NOT BE RENDERED UNTIL THE COMPLETION OF THIS NECESSARY DOCUMENT.

Sincerely,

Student Health Center Staff

Colleague: Thank you for taking time to assist us with this important task. We know that vaccine preventable diseases occur on college campuses where students are not immunized or inadequately immunized. You help us to protect all students and their contacts BY NOT ACCEPTING ANECDOTAL INFORMATION, and by submitting immunization data from your office records or from records presented for your review which include complete dates (month/day/year) of administration. Where records are missing or incomplete, updating immunizations helps to ensure that the student is protected, and enables him/her to complete requirements for matriculation at The College of William and Mary.
