#### HACE Visit

On August 10<sup>th</sup>, Natalie, Amy, Kelly, Olga and Dee Dee visited campus for the monthly Hourly and Classified employees meeting. An ice cream social followed a visit by the Vice President's panel and an interesting commentary on "The Campaign for William and Mary." Those in attendance on the panel included: Sam Sadler of Student Affairs, Sam Jones of Finance, Anna Martin of Administration and Dennis Cross of Development.

#### Daily Press CEO and Editor visit selected ARC labs

Daily Press President and Publisher, Ronnie Matthews and Assistant Editor, Carol Capoe, tour the ARC labs of W&M, NSU, CNU and ODU on Monday, August 23<sup>rd</sup>.

Amy instructs Ronnie Matthews and Carol Capoe on the commercial uses and capabilities of the ToF-SIMS.

#### W&M Fire/drill Meeting Location

The ARC experienced a fire drill on August 17, 2004. The above picture represents the meeting place for all W&M laboratory students/employees in the event that one should happen so that all may be accounted for.
