HOLIDAY PARTY

The Holiday Party at the ARC has become a wonderful, festive tradition, where we all enjoy great home-cooked meals and exchange gifts.

Before long, the presents started arriving and piling up on the table...

Dee Dee and Natalie played Santas, offering presents and smiles to us all.

Everyone had a lot of fun at this party. And on top of everything a SURPRISE event was prepared...

Dee Dee got her graduation present: a "Nobel Prize Women in Science" book.

HACE HOLIDAY MEETING & LUNCH

On December 13th Amy, Natalie and Olga attended the traditional Christmas HACE Meeting and Luncheon at W&M.

It started with a speech from President Nichol, who spoke about employee appreciation and future development at W&M.

After some great food and singing more fun was in store when everyone who attended received a surprise Holiday present.

Amy was the lucky one. She got an iPod, one of the best presents at this event.
