August 2015 - Lab News

A group of fourteen science and STEM teachers from various elementary and middle schools in Virginia, spent several hours in our lab as part of their Jefferson Lab summer educator's program. Olga and Ben took the lead with providing presentations on the Phenom and Hirox microscopes.

Lab Visitors:

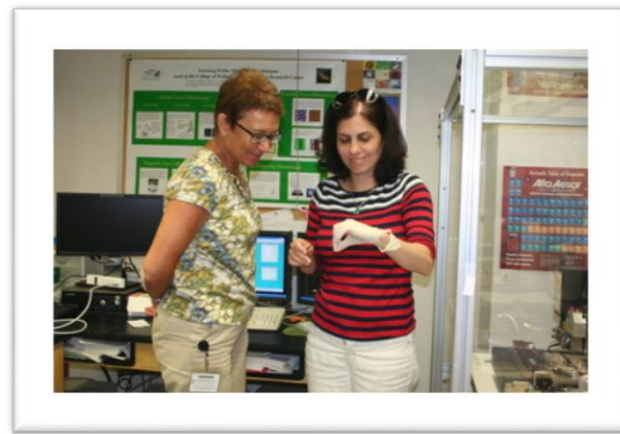

Xin Zhao, Vertical Carbon Technologies Founder/CEO brought Michele Mixner DeWitt, Director of Economic Development for the City of Williamsburg, and Julie Summs, Director of Economic Development and Business Innovation at William & Mary, to the lab for a tour. Amy provided an overview of our equipment and capabilities.

Kai Zhang (ODU) brought Pengtao Lin (ODU), James Bradas (Summit Information Solutions), Shuganti Caradonna (Summit Information Solutions), Helmut Baumgart (ODU) to the lab to view a sample with the FESEM.

Ben's mom, Darla, stopped by for a tour of the lab after a lunch date with Amy and Ben.

Olga provided assistance to Soheila Mashhadi, a graduate student from Norfolk State University, with sample characterization using the AFM.
