**November/December 2016 - Lab News**

Laurie King, a conservator from Mariner’s Museum, is pictured here analyzing her copper alloy and cast iron samples using the Hirox microscope.

The Dektak 3 ST Surface Profiler in Lab 121 is up and running again with a new computer tower and software.

Research Assistant Professors Stefan Cooper and Marcos Guerrero-Munoz from Hampton University’s School of Engineering and Technology came by the lab to analyze several samples. Olga was able to provide assistance with the FT-IR.

Amy provided a lab tour for Bryan Spells, Biomedical Research Assistant and Director of Core Facilities at Hampton University.
