- *Broad skill sets, well trained, professional, caring, collaborative, committed to continuous improvement*

# Student Affairs Programs

- Focused on the developmental, intellectual, and personal needs of students
- Grounded in theory and practiced with personal concern for the individual

- Expanded services and programs
- Use of technology to deliver services where appropriate
- Protocols, backed up by training to guide responses in emergency situations

# Student Affairs Facilities

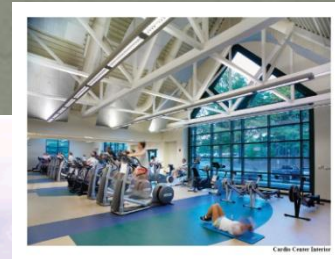

- New and Renovated Residences

- University Center, Daily Grind and UC Terrace

- Recreation Sports Center

- Counseling Center Expansion

# Challenges Ahead . . .

- During a time of transition, create a sense of normalcy while promoting acceptance of change

- Expand services in critical areas of focus and need (volunteer services, social options, in-and out-of-class)

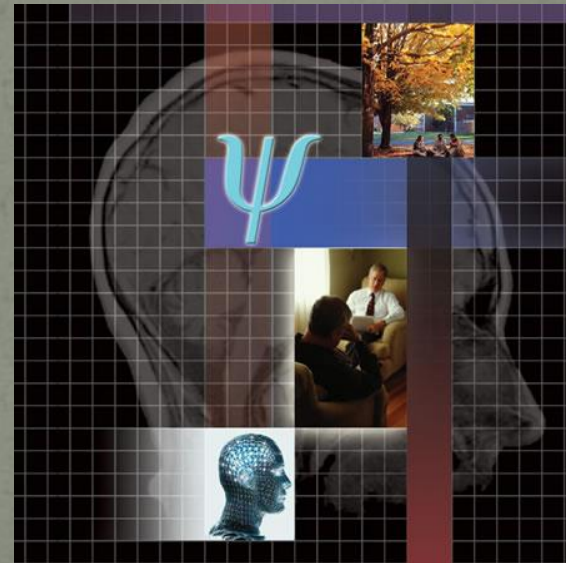

- Additional New Facilities  
(Career Center, additional residential capacity)
- Facilities in Need of Renovation  
(Campus Center, Counseling Center, Playing Fields)

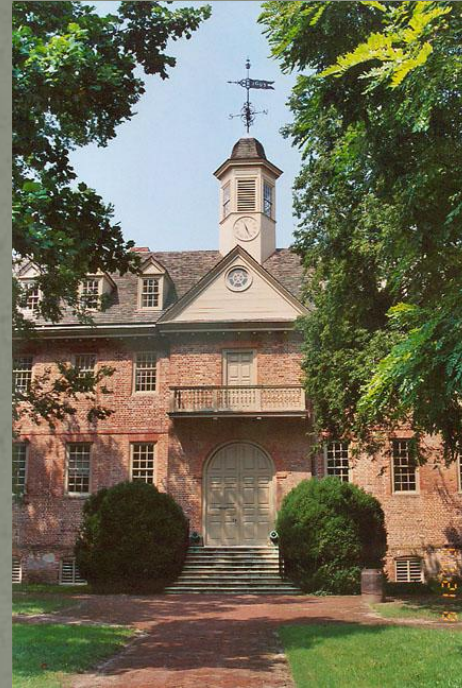

- Flexibility for new conditions and challenges (e.g. diversity, expanded psychiatric services)

- Strengthen assessment and research for planning and budget development

- Expand use of technology, yet maintain the personal

- Affirm Community
