SAAC Mission

The Student Athlete Advisory Council is a committee made up of 2 representatives from each athletic team and the cheerleading squad. The Council provides a communication link to the Athletic administration, including presentation of issues or concerns pertinent to student-athletes, as well as a forum for education on department policies.

- The SAAC meets twice monthly to offer input and to discuss Athletic Department concerns, questions, management, operations, rules and ideas that affect student-athletes' lives on the W&M campus.
- In addition, the Council plans and implements community service initiatives and promotes unity among student athletes.
