

Virginia Institute of Marine Science

An aerial photograph of the Virginia Institute of Marine Science campus. The campus is situated on a peninsula with a dense forest of green trees in the background. Several large, modern buildings with brick and glass facades are visible, along with parking lots and smaller structures. A long pier extends into the water in the foreground, and a small beach area is visible near the water's edge.

**Committee on Administration, Buildings & Grounds
November 16, 2017**
