Purchase Regalia at this event for May 2018 Commencement

You are a part of the very select group offered admission and the opportunity to earn a degree
from the “Alma Mater of Nation”. A special bond exists between the students of today, those
who have walked before you, and those who will follow. That bond is a passion for learning and a
love for William & Mary. This official design shows the unity of one Tribe, one family.

One symbol that celebrates this bond among the generations of William & Mary students and alumni is the Official W&M Class Ring. In its unique design the ring reflects the tradition of William & Mary and the honor of the alumni. As a junior, senior, or alumni at William & Mary you have earned the privilege of wearing this enduring symbol. When you purchase an official W&M class ring you wear your pride for William & Mary proudly on your hand and link yourself to all of the illustrious members of the William & Mary family.

William & Mary’s official class ring collection depicts symbols that are beloved by William & Mary students and alumni. You can choose the Coat of Arms of William & Mary engraved in the top of the ring encompassed by the full name established by the Royal Charter of 1693 or the university cypher. The sides of the ring are high polished metal. You may elect to leave them plain or they may be engraved with the year of your graduation and your degree along with the Crim Dell bridge and the Coat of Arms or the university cypher. Inside each ring is engraved with your name or initials and the cupola and weather vane from the Wren Building. These design elements are a reminder of the special place that building has in the hearts of William & Mary students and alumni. It is the place through which you walk at your first Convocation and at your Commencement.
